*Proceedings of the Madras Government, Public Works Department,
29th June 1874.*

No. 612. Read the following endorsement of the District Engineer, Presidency, dated Fort St. George, 1st June 1874, No. 988 :—

From J. N. GRAINGER, Esq., General Superintendent, Public Works Stores and Workshops, to Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, dated Chepauk, 29th May 1874, No. 287.

I HAVE the honour to solicit your attention to the remarks noted in the accompanying Indent, dated 25th April 1874, from the District Engineer,

One Indent.

Kistna, in which Major Hasted states that the supply of instruments, etc., is absolutely and urgently required, etc.

2. In the usual course of dealing with requisitions on the Public Works Stores, this Indent would have been held in abeyance until information was obtained from the District Engineer as to the service for which these articles were required as it was not noted on the Indent, but seeing the urgent need for the instruments expressed in the column of remarks, the Indent was submitted for sanction, and the articles supplied and despatched as expeditiously as possible with a request that the service may be noted on the Indent. This has been done, and it now appears that the instruments are required for extraordinary service, and under G. O., dated 21st September 1870, No. 2,278, the specific sanction of Government should have been first obtained to the Indent by the District Engineer, Kistna. Had the service in the first instance been noted on the Indent, I would have returned it to the District Engineer, Kistna, and drawn his attention to the Government Order above quoted, but as the articles have been supplied, there seems no alternative but for the District Engineer, Kistna, to obtain the sanction of Government for what he has received. I beg therefore that the District Engineer may be called upon to move the Government for the necessary sanction to the enclosed Indent.

SUBMITTED for the orders of Government. The General Superintendent, Public Works Stores, appears to have acted properly under the circumstances of the case.

One Indent.

(Signed) J. GODDARD, Lieut.-Colonel, R.E.,
District Engineer, Presidency.

No. 613.

ORDER THEREON, 29th June 1874, No. 1,747.

IRRIGATION, No. 52.
Account.

THE Indent is sanctioned.

2. It is observed that the amount of the portion of the Indent appertaining to Extraordinary Works is Rupees 499-6-0, which will be met in

part from the provision of Rupees 440 in the Irrigation Budget, under the head of Surveying and Mathematical Instruments, and the balance from the sum at the disposal of Government.

Proceedings of the Madras Government, Public Works Department,
29th June 1874.

3. The remainder of the Indent, amounting to Rupees 96-14-0, will be met from the provision of Rupees 300 under the same head, Ordinary.

4. The attention of the District Engineer, Kistna, will be called to the orders requiring the sanction of Government to all proposed expenditure under Tools and Plant, Extraordinary.

(True Extract.)

Lieut.-Colonel, R. E.,
Joint Secretary to Government.
