No. 616. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 1st June 1874, No. 324 :—

From R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Madras, 27th May 1874, No. 462.

WITH reference to the 2nd paragraph of your letter No. 113, dated the 3rd February last, I have the honour to enclose a copy of paragraph 5 of the Secretary's letter, No. 530, dated the 24th April 1874, in which is conveyed the sanction of the Board to the promotion of Mr. E. W. Stoney from the grade of 2nd to that of 1st Class Assistant Engineer.

2. I also enclose a copy of the Acting Chief Engineer's letter, No. 147 of the 13th February 1874, in which are set forth the grounds upon which Mr. Stoney has been recommended for promotion. I can quite endorse all that Mr. Going has stated on behalf of Mr. Stoney, and trust that the Government will be pleased to approve of his promotion to the grade of a 1st Class Assistant Engineer with effect from the 24th February 1874, as sanctioned by the Board.

3. Mr. Stoney is at present in charge of the construction of the new bridge over the Cheyaur river.

Extract from a letter from the Secretary, Madras Railway Company, No. 530, dated London, the 24th April 1874.

PARAGRAPH. 5.—*Promotion of Mr. E. W. Stoney* —Replying to paragraph 6 of 1,091, I am to inform you that the Board, on your and the Acting Chief Engineer's recommendation, sanction, subject to the approval of Government, the promotion of Mr. E. W. Stoney from the grade of 2nd to that of 1st Class Assistant Engineer, with effect from the 24th February last.

From T. H. GOING, Esq., Acting Chief Engineer, to R. B. ELWIN, Esq., Agent and Manager of the Madras Railway Company, dated Madras, 13th February 1874, No. 147.

I HAVE much pleasure in asking you to bring forward the name of Mr. E. W. Stoney for promotion, as I am quite sure you agree with me in recognizing his merits and the good service he has invariably rendered to the Company since he first entered the service in July 1866. He has been in responsible charge of important works since November of the same year, and I may safely say that no member of the engineering staff has displayed more energy and intelligence in the discharge of his duties which have been at times exceedingly onerous.

2. His services in connection with the Pennair, Toongabudra and Cheyaur Bridges, and with the protective works of the 3rd Division, North-West Line, are deserving of marked recognition.

3. His last promotion to the rank of 2nd Class Engineer dates from 24th February 1871, and I shall feel much obliged if you will recommend that he receives his promotion to the rank of 1st Class Assistant Engineer from the 24th of the current month, on the completion of the third year of his present grade.
