*Proceedings of the Madras Government, Public Works Department,
6th July 1874.*

Read the following letters:—

No. 83. From G. D. WYBROW, Esq., Officiating District Engineer, Trichinopoly, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Toriore, 22nd May 1874, No. 64:—

I HAVE the honour to submit, for sanction, the accompanying estimate* for half venetian and half pannel doors to two Staff Serjeants' quarters lately constructed in the old Cavalry lines at this station, the same having received the approval of His Excellency the Commander-in-Chief.

2. This estimate has been prepared at the request of the Military Authorities in lieu of the batten doors provided for the quarters as per the estimate sanctioned in G. O., No. 92, of 10th January 1873.

No. 84. From the same Officer, dated Trichinopoly, 11th June 1874, No. 92.

WITH reference to your memorandum No. 373, dated 29th May 1874, I have the honour to state that the batten doors allowed for in the original estimate for converting the old Cavalry saddle-rooms into quarters for Staff Serjeants have already been made and fixed, in fact, the buildings have been occupied since the 14th April 1874.

2. The batten doors now proposed to be replaced by venetian doors would probably not fetch more than half their value at a public auction, and hence they will be taken into stores and when required for other works they will be utilized and their value recovered and the amount paid into the treasury to the credit of Government.
