Read Proceedings of Government, Revenue Department, dated 16th April 1874, No. 448.

ABSTRACT.—Referring to Board of Revenue for opinion remark of Secretary to Government, Public Works Department, regarding iron safes and cash-chests for Mofussil Treasuries and Collectorates.

THE Board think that the obvious advantages which will attend the use of the safes make it desirable to face the possible difficulties to which the Secretary to Government in the Public Works Department refers.

Miscellaneous.

THE two designs for the iron cage or strong room and the cash-chest are approved. Orders will be issued in the Public Works Department for copies of the drawings being made for circulation.

2. The arrangement approved of in G. O., 13th May 1874, No. 1,288, Public Works Department, will probably supersede the general use of "cages," and cages and chests of the pattern submitted will very rarely be necessary in the same office.
