No. 171. Read the following endorsement of the Acting Secretary to Government, Revenue Department, dated 11th May 1874 :—

Read the following Proceedings of the Board of Revenue, dated 5th May 1874, Miscellaneous No. 2,948.

Read the following letter from E. L. PEARSE, Esq., Acting Head Assistant Collector, to W. S. FOSTER, Esq., Acting Collector of the Godavery District, dated Cocanada, 17th March 1874, No. 54.

In forwarding the enclosed petition from the Village Munsif and Curnam of Rajavaram, together with the report of the Tahsildar on the subject, I have the honour to state that the tank called Annappa Cheruvu in Rajavaram breached about four years ago, and no repairs were made till the end of Fasli 1281. ayacut of the tank was in consequence left waste, and remission* granted in Faslies 1280 and 1281. The Munsif and Curnam at last took it upon themselves to repair the tank at their own expense at a cost of Rupees 120. There has since then been no occasion for remission, and the Munsif and Curnam request that the sum be refunded to them. The Tahsildar reports, on personal inspection, that the work has been well executed, and suggests at the same time that Department of Public Works be consulted as to the amount of cost. I think, however, that the reference would be useless, as it would be difficult or impossible to estimate the cost now; and I have therefore the honour to recommend that the Rupees 120 be refunded to the petitioners: Rupees 100 were paid to a contractor, and the remaining 20 spent in minor details.

No. 88.

FORWARDED to the Board of Revenue with the request that sanction may be granted for the payment of Rupees 120 to the Munsif and Curnam of Rajavaram Village, in the Yernagudem Taluq, from the funds at the disposal of the Department of Public Works.

The ~~Sanction~~ in Council sanctions the
by the District Engineer's
disbursement to the Collector of the sum
of Rs. 120 expended by the village officers
on the repair of the ^{Channu} Annappa Tank which
was built about 6 years ago, but as it
was the duty of the P. & D. to provide further
repair of this Tank, the District Engineer
will be called upon to report why it was
left unrepaired, the result being that
in Fusli 1280 & 1281 a loss of upwards of

90 Rs of Revenue was sustained.

The Governor in Council records his satisfaction with the arrangement made for the restoration of the Annappa Cheruvu Tank through the Village Officers.

The District Engineer will disburse the amount named by the collector as having been satisfactorily spent on the assurance of the Tahsildar.

but there does not seem to have been any arrangement. The Village Officers did the work of work in their own responsibility. I think it would be enough to sanction the bill & say that the picture in the

I, then really the case?
and if it is, ought it to be?
and if not, who is to blame
for the non-repair of the
tomb? - and why should it
be left unrepaired?

It is apparent from these
papers that if an important
irrigation work is ~~done~~
seriously damaged, there is no
provision for its repair

of the W.D. and that,
if it is to be left
for any extent of time
unrepaired, to the injury
of the people and of
the revenue, except in the
