In the orders of Government noted in the margin, a sum of Rupees 4,698-2-2 was sanctioned on account of compensation for lands taken up by irrigation channels in this district, and that sum was advanced by this department to the Collector of Godavery, who now informs me that a portion of it, viz., Rupees 1,895-15-4, was left unexpended at the close of last official year, and refunded into the Treasury. I have therefore to request you will be good enough to allot funds to the above extent from the Reserve under "Agricultural" to cover this charge for compensation in the current official year.

2. I beg also to explain that the above sum was not included in the statement of incomplete works submitted to Government with this office letter, No. 404, dated 7th May 1874, owing to the requisition from the Collector having only now been received.
