*Proceedings of the Madras Government, Public Works Department,
16th July 1874.*

No. 320. Read the following letter from Captain H. BAILEY, Officiating District Engineer, Salem, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Pennagarum, 26th June 1874, No. 61:—

With reference to G. O., No. 177, of the 16th instant, I have the honor to state that owing to a press of other work in the Salem Range Office, and the Officer in charge of the range not being in good health, there was some delay in submitting the estimate for repairing the graves in the Salem church-yard.

2. The estimate was forwarded to the Collector in March last, but was returned for information as to the special tombs which it was proposed to repair; owing, however, to the Range Officer's bad health, and his having to leave the district, the estimate has been delayed.

3. So far as I am aware there is now only one other estimate due from this office, that for Sunkerrydroog; this will be forwarded shortly, the delay in submitting it is due to the short-handedness of this department lately, both in Range Officers and Overseers.

4. The Collector seems to be mistaken in saying two or three reminders were sent on the subject of the Salem grave-yard; only one can be found in the records of this Office.

No. 321. ORDER THEREON, 16th July 1874, No. 1,917.

CIVIL WORKS, No. 25.

UNDER the circumstances His Excellency the Governor in Council accepts the explanation of the District Engineer in regard to the delay complained of by the Collector of Salem in furnishing estimates for the repair of certain tombs. The estimate still due should be forwarded at once.
