Proceedings of the Madras Government, Public Works Department,
18th July 1874.

No. 372C. Read the following endorsement of the Consulting Engineer for Railways, dated Madras, 14th July 1874, No 406:—

From W. S. BETTS, Esq., Agent of the Carnatic Railway Company, to Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, dated Negapatam, 10th July 1874, No. 519.

In continuation of my letter, No. 504 of the 11th ultimo, relative to the construction of the Conjeveram-Chingleput section, I wish to draw your attention to the following extract from the last letter which I received from this Company's Secretary. I had reported that the Government of India had struck out of the Budget for the current year an allotment on account of the section above referred to, and the Secretary writes:—"In regard to your remarks bearing on this work and the Budget Estimate 1874-75, the Board request you will represent their strong views and opinions of the importance of the early construction of this section to connect the present open line to Arconum Junction with the main line system."

2. It will be seen from these remarks that my Directors do not doubt at all regarding the construction of this part of their system and that they urge its early completion. I trust you will recommend to Government the issue of orders for the immediate commencement of the work.

Submitted for the consideration of Government with reference to their Proceedings, under date the 1st June 1874, No. 1,438-B, and in continuation of letter Nos. 344 and 348, dated respectively the 9th and 12th June 1874.

(Signed) J. H. M. SHAW-STEWART, Lieut.-Colonel, R.E.,
Consulting Engineer for Railways.

No. 372D. Order thereon, 18th July 1874, No. 1,942-B.

RAILWAY, No. 47A.

Ordered to be communicated to the Government of India in continuation of letter dated 15th July 1874, No. 1,900.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Consulting Engineer for Railways.

SIR,

In continuation of my letter No 504 of the 11th ultimo, relative to the construction of the Conjeveram - Chingleput section, I wish to draw your attention to the following extract from the last letter which I received from this Company's Secretary. "I had reported that the Government of India had struck out of the Budget for the current year an allotment on account of the section above referred to, and the Secretary writes "In regard to your remarks bearing "on this work and the Budget Estimate 1874/75 "the Board request you will represent their "views and opinions of the importance "of the early construction of this section "to connect the present open line to Arconum "Junction with the main line system."

It will be seen from these remarks that my Directors do not doubt at all regarding the construction of this part

of their system; and that they urge its early completion. I trust you will recommend to Government the issue of orders for immediate commencement of the work.

I have the honor to be
