*Proceedings of the Madras Government, Public Works Department,
20th July 1874.*

No. 439. Read the following letter from Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 17th June 1874, No. 1,279:—

I HAVE the honor to submit for sanction a plan and an estimate, amounting to Rupees 500, for providing screens, venetian windows with glazed shutters, etc., to the Master Attendant's office at Madras, prepared at the request of the

- 1 Plan.
- 1 Abstract Estimate.
- 1 Specification Report.

Master Attendant and approved of by that officer.

2. The Acting Master Attendant states that he found on taking charge of his office that to carry out effectually his duties, it is necessary that in any doubtful weather he should remain at the office and give attention both by night and day to the various phenomena of the weather. The recent storms required him to be on the spot four consecutive nights, and as there was no suitable accommodation he found it inconvenient and uncomfortable; consequently the present plan and estimate have been prepared. By the arrangements provided for in this project the Master Attendant will have additional rooms in which he may live for a month, if necessary, without hardship, and which will also be convenient waiting-rooms on occasion of public embarkation or landing.

3. The estimate provides for everything necessary. The rates are reasonable and sufficient, and no supplementary works will hereafter be required.

4. The Master Attendant, who was asked to provide funds from Port Funds, states that the cost of the work should be borne by Imperial Funds; I beg, therefore, that funds may be allotted from any source at the disposal of Government.

No. 440. ORDER THEREON, 20th July 1874, No. 1,951.
