2. An estimate, amounting to Rupees 330, was sanctioned by Government in G. O., No. 72, of 12th August 1873, for the work in question, and an outlay of Rupees 213 was incurred on it in 1873-74.

No. 475. From Captain J. W. HINDLE, Officiating District Engineer, Vizagapatam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Waltair, 17th June 1874, No. 560.

WITH reference to your memorandum, No. 365, of 22nd May 1874, noticing the non completion of the repair of the Santapilly lighthouse, I have the honor to report that the delay was due to the inexperience of Mr. C. Stewart who was in charge of the work, and who failed to undertake the repairs to the full extent of the sanctioned estimate before he left the district.

2. I understand that Mr. Stewart incurred an outlay of Rupees 212-7-4, out of the amount of the sanctioned estimate, up to 30th November 1873, and put a stop to further outlay on the work, under a wrong impression that the building required no further repairs, and that the unexpended balance would be a saving. The Sub-divisional Officer who inspected the repairs on the 15th January 1874, under orders from the Executive Engineer, found that only one coat of whitewash had been applied to the walls of the buildings, and that the tiling was very unsatisfactory, and consequently he requested Mr. Stewart to apply a second coat of whitewash and have the tiles turned again; but he did not carry out this order, and when relieved by Overseer Soobiah did not make any mention of the work still required to be done.

3. Under these circumstances I beg you will be pleased to place at my disposal the balance of the estimate, viz., Rupees 117, to enable me to authorize the completion of the repairs above referred to.
