*Proceedings of the Madras Government, Public Works Department,
22nd July 1874.*

No. 477. Read the following letter from Lieutenant-Colonel A. S. MOBERLY, R.E.; District Engineer, Cuddapah, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Royachooty, 30th June 1874, No. 598 :—

I HAVE the honor to forward, for the orders of Government, the accompanying copy of a letter from the Madanapally Range Officer, and beg to know how this item of demurrage is to be charged, as I do not consider it should be made chargeable to the Cutcheries. Mr. Hudson charged the items to the Cutcheries without making any report of the circumstance, which only accidentally came to my notice a few days ago.

2. As stated by Mr. Montserrat, the wood-work in question was sent up to Moodanoor at Mr. Hudson's request. Except for the reason that Moodanoor is the nearest station on the railway to Kadiri, I cannot understand why Mr. Hudson selected it as the place to which to have the articles sent; he must have been aware that the greater part of the road from Moodanoor to Kadiri had not been made and was in bad order, and also that there was no member of the department to give any help in procuring carts. Whether he was aware that Moodanoor was a small village, where a cart is only to be obtained with great difficulty, I do not know.

3. Moodanoor is thirty-four miles beyond Cuddapah from Madras, and the distance from it to Kadiri is about fifty miles over bad country, whereas from Cuddapah *via* Royachoty to Kadiri, a distance of seventy-five miles, there is a good road. At Cuddapah every help could have been given him by the Range Officer in getting the things from the railway and sending them up.

From W. M. MONTSERRAT, Esq., Assistant Engineer in charge of Madanapully Range, to Lieutenant-Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, dated Madanapully, 25th June 1874, No. 499.

I HAVE the honor to bring to your notice that a sum of Rupees 141 has been charged under the head "demurrage" in the accounts of new Taluq Cutcheries for February 1874.

2. From the records I find that two separate indents were sent in October 1873 to the General Superintendent, for wood-works required for the new Taluq Cutcheries at Madanapully and Kadiri. As it was not stated in either of those indents as to where the articles were to be sent after completion, the General Superintendent asked the information, quoting only the docket that was sent with Kadiri Taluq Cutcherry indent, to which Mr. Hudson replied, and requested the articles may be sent to Moodanoor; upon which the General Superintendent sent to Moodanoor in December and January last the wood-work, etc., required for both the Cutcheries, and the articles were lying in that station for forty-seven days.

3. The demurrage charged is at the rate of Rupees 3 per diem, and the total sum, Rupees 141, has been distributed and charged in the accounts as follows, viz., one-half, Rupees 70-8-0, to the Madanapully Cutcherry and the other half to the Kadiri Cutcherry.

4. As the item is not allowed in the estimate, I request you will be good enough to let me know how the charge is to be met.

5. I beg also to state that the General Superintendent has been subsequently requested to send all the articles required for Madanapully Cutcherry to Gooriatthem and those required for Kadiri Cutcherry to Cuddapah.

I have the honor to bring to your notice
that a sum of Rs 141-~~00~~ has been charged
under the head "dimunage" in the accounts
of New Taluk futcheries for February 1874.
2— From the records I find that 2 sepa-
rate Indents were sent in October 1873 to the
General Superintendent for woodwork requir-
ed for the New Taluk futcheries at Madana-
pally and Kaddur. As it was not stated
in either of those Indents as to where the
Articles were to be sent after completion, the
General Superintendent asked this information,
quoting only the indent that was sent with
Kaddur Taluk futchery Indent, to which
Mr Hudson replied and requested the
Articles may be sent to Shodanoor, upon
which the General Superintendent sent to Sha-
danoor in December and January last, the
woodwork required for both the futcheries

Letter from the D. Engineer Cuddalore
N: 598 dated 30: June 1874.

For orders

Submitted for orders with remark that this circumstance gives another instance of Mr. Hudson's gross neglect and incapacity. His services in the Public Works Department have already been dispensed with.

Wm. Mather. Esq. B. Esq.
Secretary to Govt. P. W. D.

He must pass it - I don't see and the distribution is not objected to.
The delinquent is dismissed of State for a period and it may be allowed to be all.
