*Proceedings of the Madras Government, Public Works Department,
22nd July 1874.*

No. 483. Read the following letter from Lieutenant-Colonel J. H. M. SHAW-STEWART, R.E., Consulting Engineer for Railways, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 8th July 1874, No. 397 :—

With reference to the Order of Government, dated 30th June 1874, No. 1,755, I have the honor to report that under the head "Season Tickets," in Abstract H. of the Revenue Account of the Madras Railway, are included first-class periodical tickets between Madras and Bangalore, and first and second class traders' tickets available between all stations.

2. First-class periodical tickets between Madras and Bangalore are issued at the following rates :—

For one month Rupees 60	For three months Rupees 160
For two months „ 110	For four months „ 210

and it was for obtaining the mileage of these that the method of applying three-fourths the return mileage rate to the receipts was suggested. Traders' tickets (first and second class) are issued to persons engaged in the salt trade, but for these tickets only a nominal change is made, and it is therefore scarcely possible to estimate the mileage travelled; but the system proposed for long journey tickets is probably as suitable as any that can be devised.

3. On the Railways in this Presidency there is at present no suburban season ticket traffic, but when the line between Madras and Cuddalore is opened, it is probable that this class of traffic will be introduced between Madras and Palaveram and intermediate stations.

Sir,

With reference to the Order of Government dated 30th June 1874, N. 1733, I have the honour to report that under the head of Season Tickets in Abstract H of the Revenue Account of the Madras Railway are included first class periodical tickets between Madras and Bangalore, and first and second class traders' tickets available between all stations.

2. First class periodical tickets between Madras and Bangalore are issued at the following rates:

For

For one month Rs. 60. For three months Rs. 160
-- two months Rs. 110. -- four months Rs. 210.

and it was for obtaining the mileage
of these that the method of applying
three-fourths the return mileage rate
to the receipts was suggested. Traders' tickets (first and second class) are issued to persons engaged in the Salt trade, but for these tickets only a nominal charge is made, and it is therefore scarcely possible to estimate the mileage travelled. But the system proposed for long journey tickets is probably as suitable as any that can be devised.

3. On the Railways in the Presidency there is at present no suburban season ticket traffic, but when the line between Madras and Coimbatore is opened, it is probable that this class of traffic will be introduced between Madras and Palaveram and

intermediate stations.

I have the honour to be
