In the Proceedings of the Government of Madras for February 1874, No. 483, dated 26th idem, respecting the system of indenting on England for stores required by the Public Works Workshop through the General Store Department, Madras, it has been decided that in cases where stores are obtained for both Imperial and Provincial Works, the Provincial funds should be debited with their share of the cost.

2. With reference to this ruling, I am directed to inquire how it is intended to show this proportion in the indents sent to England in order to admit of the value of stores debitable to Provincial funds being so debited in the Home Accounts.

No. 630. ORDER THEREON, 29th July 1874, No. 2,044.

ACCOUNT, No. 36.

His Excellency the Governor in Council observes that in the Government Order which the Government of India quote no reference is made to stores being in future obtained from England for both Imperial and Provincial Works, rendering it necessary to debit each head of service with its share of cost.
