*Proceedings of the Madras Government, Public Works Department,
4th August 1874.*

No. 69. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Lieutenant-Colonel J. MULLINS, R.E., Joint Secretary to Government, Public Works Department, dated Madras, 1st June 1874, No. 1,861 :—

WITH reference to G. O., No. 1,356, of the 21st May last, I have the honor to state that the " present system " of dealing with Establishment charges debitable to Loan Funds is not correctly described in paragraph 4. The charges are not regulated by considering the Public Works Establishment of the Presidency as a whole, but are fixed *monthly* according to the outlay in each range in which " Extraordinary " or Loan Fund works are being carried out, and no portion of the cost of Direction (except Chief Engineer for Irrigation) or of Accounts is at present charged to " Extraordinary," *vide* paragraph 7 of my letter printed with G. O., No. 120, of the 17th January 1874.

2. Various proposals have been submitted for the distribution of Establishment charges, but I beg to state that my own proposal to the Chief Engineer for Irrigation* and to the Government of Madras† was for a fixed per-centage (25 per cent.) for the purpose of debiting Loan Funds. I shall await the orders of Government on the proposals above mentioned.

Proceedings of the Madras Government
From The Off. Controller of Works (H. E. No 1861 - dated
1 June 1874)

The Government con- sider that the arrangements approved in para 4 of G.O. No 1356 of the 21st May 1874 should be carried out. It is that which has been proposed by Lieut. Christie in the note submitted to the Chief Engineer for Irrigation with the Controller's letter No 4782 of the 28th October 1873, and for the reasons stated in para 5 of

of the above order this
method of distributing
establishment charges is
deemed preferable to
charging some funds by
a fixed percentage, and
allotting the balance ra-
tionably to others.
