*Proceedings of the Madras Government, Public Works Department,
5th August 1874.*

No. 124A. Read the following letter from R. F. CHISHOLM, Esq., Consulting Architect to Government, to Colonel G. W. WALKER, R.E., Chief Engineer, Public Works Department, dated Royapettah, 13th July 1874, No. 140:—

With reference to Order No. 1,146, dated the 1st May, on the subject of a new Military Hospital at Chepauk, I have the honor to point out that my plans are sufficiently advanced to enable the questions connected with the scheme to be discussed in detail. I applied, through Colonel Goddard, to the President of the Committee appointed by Government on the 18th of March last, but I find the functions of that Committee ceased on the selection of a site. I would beg respectfully to suggest that Colonel Goddard and myself be associated with one or two medical gentlemen in a Committee to consider in detail all points connected with the scheme.

No. 124B. ORDER THEREON, 5th August 1874, No. 2,157-A.

MILITARY WORKS, No. 3A.

His Excellency the Governor in Council requests that the Commander-in-Chief will be good enough to reconstitute the Committee convened in accordance with the orders in the Military Department of the 8th May 1873, No. 1,591, and request those gentlemen to place themselves in communication with the Consulting Architect with a view to consider in detail the questions connected with the scheme for a new Military Hospital at Chepauk.

2. Dr. Massey, the Officiating Surgeon-General, British Medical Department, will be requested to replace Dr. Currie.
