Public Works

DEPARTMENT

G.O. No.	2211	Press
B.P. No.		Mis.
Dated	11-8-	1954

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
11th August 1874.*

Read the following :—

No. 220. From the District Engineer, Kurnool, dated 25th June 1874, No. 60.

No. 221. ORDER THEREON, 11th August 1874, No. 2,211.

ESTABLISHMENT, No. 22.

It is remarked that a similar application from the Cuddapah District, disposed of in G. O., No. 1,485 of 4th June 1873, was communicated to the District Engineer of Kurnool. Moreover, that on an application from the District Engineer of Kurnool, His Excellency the Governor in Council was pleased, by Order No. 615 of 25th February 1873, to raise the Kurnool District Office Establishment from the third to the second class.

2. The present proposal cannot be approved any more than that from Cuddapah above alluded to. Practically what is immediately required is an increase to the pay of the Cumbum Range Office Establishment, which will be allowed to the amount of Rupees 35 a month, raising its cost, but not its strength, to that of a first-class range, the increments to the pay of each individual being to the Accountant Rupees 10, to the Draughtsman Rupees 10, and to the Assistant Accountant Rupees 15, their revised salaries being Rupees 60, Rupees 50, and Rupees 40 respectively.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Kurnool.
" Officiating Controller of Public Works Accounts.

No. 597.

CIRCULAR ORDER.

THE accompanying Form of Quarterly Return of Officers and Subordinates will, in future, be substituted for that now in use. The object of the change is to have a clear record of the duty upon which each member of the Department is employed, and to be able to tell without difficulty what vacancies exist. District Engineers will, therefore, be careful to show distinctly, not only the various Ranges, but all sanctioned Sub-divisions, special and extra appointments and Taluqs, with the Officers or Subordinates attached to each. The Head Quarters of all members of the Department should also be given.

The column of remarks will be filled up as heretofore; men for whom promotion is desired being recommended in so many words.

It would be convenient if District Engineers arranged to have the form printed with the permanent entries.

As promotions should not be deferred, recommendations must be received within the month following the quarter for which Returns are due.

Col., R.E.,
Chief Engineer, P. W. D.

To all District Engineers.
" Consulting Architect.
" Executive Engineer, Wynaud.

No 60

District Engineer's Office.

Kurnool, 25 June 1874.

From,

The Dy District Engineer,
Kurnool.

To,

The Chief Engineer D.D.
Madras.

Sir, I have the honor to report for your information that S. Narayandani Naidu, a man lately appointed by Mr Fraser as Head Accountant, of the Hambam Range, died on the 7 Instant of fever contracted in this District. I regret to state that I find considerable difficulty in getting Clerks, and Maistries for the vacant posts. A draftsman who has just joined Mr Bell (an Officer who has had to work with a most inadequate Establishment for the last year) wishes to go away again. I append a list shewing the number of persons belonging to the Department, or related to members of the Department who have died from various causes during the past 18 months.

All the Officers, and their Subordinates

7.

J. C. Johnston Esq.
Assistant Engineer in charge of
Kinnool Range.

Respectfully Sir

Having read the order of the District Engineer Kurnool offering me the vacant post of the Head Accountant of Cumbum Range, I most respectfully and humbly beg to state that from all accounts I hear that Cumbum is the most unhealthy part of the District the late Head Accountant Narraiah Sanyal died who was not quite 6 months out at Cumbum died of Fever only a few days ago. In the space of 3 years 2 Messengers and 1 Head Clerk of the Head Assistant Collector's Office died. 2 Assistant Collectors and many a office members were transferred to say nothing of other fatalities less important. All this is owing to bad climate of Cumbum. Besides my family and children are sickly and I myself have recovered from fever only a few weeks ago. In these circumstances I most humbly beg to be.

excused for not risking my life by accepting
the offered post. I have therefore no alternative
but to remain content with the present
appointment until such time as the
District Engineer may be pleased to offer
a similar post in a less unfavorable
locality.

I regard it as one of those singular
all along
misfortunes that have happened to me
that the first vacancy of Head Accountant
in this District should occur in a place
like Cambam.

Humbly beg to remain
Most respectfully
Yours most obt and
humble servant

G. Arumivassappa
2nd Accountant
Kurnool C. Range
