*Proceedings of the Madras Government, Public Works Department,
15th August 1874.*

No. 317. Read the following letter from Captain J. W. HINDLE, Officiating District Engineer, Vizagapatam, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Waltair, 25th June 1874, No. 622:—

I HAVE the honor to submit herewith, for the orders of Government, certain papers as per margin regarding the public quarters provided for the Apothecary attached to the Collector's Cutcherry at Vizagapatam.

1 Copy of Collector's letter, No. 655, of 2nd May 1874.
1 Original Appeal from Apothecary J. Lears.

2. I observe that Government in G. O., No. 1,858, of 7th August 1872, sanctioned an estimate, amounting to Rupees 1,600, for converting part of the ground floor of the old European Infantry Veteran Company Barracks at Vizagapatam into quarters for two Medical Warrant Officers*, and funds having been allotted in G. O., No. 1,803, of

* Apothecary Lears.
Do. Xavier.

14th July 1873, the authorized conversion was carried out in 1873-74 in accordance with the sanctioned plan and estimate.

3. The accommodation provided in the quarters under notice is upwards of 1,000 square feet with two small rooms, whereas that provided in the Standard Plan* for an Apothecary is only 800 square feet with two small rooms.

* Communicated with Public Works Department Circular, No. 95 of 29th October 1866.

4. Mr. Lears is quite wrong in supposing that the drainage is insufficient; the building is a good one, far better than any private house that he can obtain in Waltair for Rupees 30 a month.

No. 318. ORDER THEREON, 15th August 1874, No. 2,263.

ESTABLISHMENT, No. 30.

His Excellency the Governor in Council observes that Apothecary Lears has no just ground of complaint, and declines to comply with his request; seeing that fairly good public accommodation, in excess of the standard dimensions, and recently put in order, is provided for his use.

With reference to letter No 2
 from the Executive Engineer, Viasa-
 -magam and your Memo of 29th
 April 74. I beg respectfully to
 bring the following to your notice
 with a view that the same may
 be laid before Government
 Government in their Order of
 June 68 have been pleased to
 grant in medical Subordinate
 free quarters, 11 Compensations
 of thirty Rupees when not provi-
 -ed with public building.
 The quarters I have now been
 ordered to occupy is an old
 brick proof barrack called
 the Dutch factory built probably
 about a century & a half ago and
 very injurious to the health of the
 occupants due to its dirtiness.
 A portion of this building has
 been partitioned to accommodate
 two families. The incandence

in living in such quarters is, the
want of privacy. One extremely
of the building is the European
guest house, & as there is an
upper story, this is occupied
as the Garrison school room for
children.

The drainage is natural & the
building being low to the flooring
(not more than one inch above
the surface) & the ground is covered
not but be damp during the rains.
(Moreover the ventilation is not as
it should be for a dwelling house.)
In bringing these facts to your
notice, I am induced to write
on account of my large family
who would suffer from such a
change.

I beg to say that I have not the
slightest objection to accept of
Government quarters, provided
such would afford the same
accommodation & convenience
as private buildings, which at this
Station could be had for the same
House rent (30 Rupees) granted me
& far superior to the one I am
called upon to accept of.
In granting free quarters to
their

Their Subordinates it was not
the intention of Government to
make any distinction, which the
D. P. W. has made in my case.
For as an Agent of the 1st Class, I
should be entitled to the accommo-
dation of that grade, whereas my
Junior being duty at the Lunatic
Asylum at this Station has quarters
built expressly & far superior
to the Barrack I am ordered to
accept of. I beg to be Sir,

Yours most obedient servant
