No. 409. Read the following letter from T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 24th July 1874, No. 3,463:—

WITH reference to the decision of Government contained in G. O., No. 1,918, of the 16th instant, relative to the Military service of Mr. O'Shaughnessy, I think it right that the Government should be informed of the opinion I expressed regarding the other cases mentioned in the District Engineer's letter. I therefore have

the honor to make the following extract from a letter* addressed by me to Mr.

O'Shaughnessy in reply to his official application for certain correspondence:—

"As bearing on the subject it may be mentioned that the existing Rules (see examples and exceptions in the Civil Pension Code, Chapter III., Section VI.,) provide for cases like those of Messrs. Smith and Sage, who were obliged to take their discharge from the army when advanced to the Engineering Establishment, and that apparently under those rules cases like that of Mr. Goodchap would require special sanction of the Government of India."

2. I may add that my opinion, as mentioned in the District Engineer's letter printed with G. O., No. 1,918, was given on a previous occasion not officially but privately, and that in doing so I suggested a reference to the Government of India, so that hereafter (at the time of applying for pension) there should be no room to doubt the correctness or sufficiency of the decision of the Madras Government. This office is not concerned in the matter, and if my opinion had not been referred to, I should not have troubled Government with this letter. But my opinion having been referred to, I think it desirable that that opinion should be fully made known to Government.

No. 410. ORDER THEREON, 19th August 1874, No. 2,306.

Sir,

With reference to the decision
of Government contained in G. O.
N 1918 of the 15th instant, relative to
the military service of Mr. O.

the existing rules & examples
and exceptions in the Civil
Pension Code Chapter III Sec.
III provide for cases like
those of Messrs Smith and

take their discharge from the
Army when advanced to

under those rules cases
like that of Mr. Goodchap
would require special
sanction of the Government

2. I may add that my opinion
as mentioned in the District
Engineer's letter printed with G. O.
No 1918 was given on a previous
occasion not officially but pri-
vately and that in doing so I
suggested a reference to the Govern-
ment of India, so that hereafter
at the time of applying for pension
there should be no room to doubt
the correctness or sufficiency of
the Madras Government. This
Office is not concerned in the

matter and if my opinion had not
been referred to, I should not have
troubled Government with this
