*Proceedings of the Madras Government, Public Works Department,
19th August 1874.*

No. 439. Read the following letter from Colonel E. A. FOORD, R.E., District Engineer, Bellary, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Bellary, 1st August 1874, No. 651 :—

I HAVE the honor to forward, for the sanction of Government, an estimate of Rupees 230, accompanied by plan and specification, for certain alterations to the Commissariat Serjeant's quarters at Ramandroog.

1 Abstract Estimate.
1 Plan.
1 Report.

2. It is proposed to enclose the present open verandahs by building walls between the pillars and fixing doors and windows. As the object of an open verandah is to shelter the rooms from sun and rain, if the verandah is converted into a room, another verandah beyond it may before long be applied for. The Range Officer states that when making the estimate, he pointed this out to the occupant of the building, who said that the mist and rain so beat into the rooms that the doors and windows could not be left open.

3. The work was recommended by the Military Authorities, and the estimate has been approved by His Excellency the Commander-in-Chief.

4. The cost can be met from the allotment for Minor New Works, Military.
