*Proceedings of the Madras Government, Public Works Department,
20th August 1874.*

No. 482. Read the following letter from Major J. BEATTY, R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 18th July 1874, No. 1,231 :—

I HAVE the honor to forward, herewith, copy of a letter received from the Collector of this district, requesting to be informed whether the estimate for the Sea Custom-house godowns has been entered in the current year's Budget.

2. With reference to this, I observe it stated in G. O., No. 93, of the 15th January 1874, that this work will, if practicable, be provided for in the then out-going Budget; but I presume this was not possible, owing to funds not

being available* for new works, and because provision had to be made for incomplete works.

* Vide paragraph 2 of G. O., No. 716, dated 16th March 1874.

3. In now, however, again bringing forward the subject of funds for the Sea Custom-house godowns, I beg to point out the great need there is for the crection of these buildings, by want of which the cargoes landed by the steamers are now stored in exposed verandahs of the Custom-house and frequently damaged by rain as stated by the Collector.

No. 483. ORDER THEREON, 20th August 1874, No. 2,338.

CIVIL WORKS, No. 22.

THE District Engineer, Godavery, is informed that no funds are available.

It is remarked that the work in question has not been entered in the List recorded with G. O., No. 1,691, of 24th June, which should be corrected, if necessary, in communication between District Engineers and Heads of other Departments in every district.
