I HAVE the honor to bring to your notice that the Master Attendant at Tuticorin, who is carrying out the pier work at that port, has again applied to me for the balance of the estimate to enable him to complete the work. 2. As it cannot be intended that the pier should be stopped pending formal provision of the last year's unexpended balance, I have taken upon myself to advance the amount to the Collector to ensure the early completion of the work.

3. The favor of early orders being passed on my statement of sanctioned works for which appropriation is required forwarded on the 18th May last is also requested.
