*Proceedings of the Madras Government. Public Works Department,
22nd August 1874.*

Read the following letters:—

No. 563. From T. MOSS, Esq., Officiating Controller of Public Works Accounts, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madras, 27th July 1874, No. 3,572.

An arrangement has been made in the Wynaad which, if not already reported to Government, should, I think, be made known in order that there may be proper authority for, or at least formal approval of, the somewhat unusual course followed. I have therefore the honor to report, for the information of Government, that an advance of Rupees 10,000 has been made to a Mr. Maylor with whom an agreement has been entered into for the construction of certain iron bridges on the road from foot of Tambracherry ghaut to the Mysore frontier.

2. The large advance is said to have been made to Mr. Maylor immediately before his departure for England, and from this fact it would appear that iron work is to be brought out by that gentleman. A copy of this letter will, however, be sent to the Special Executive Engineer for his information, and in order that he may furnish such additional information to Government as may seem to him to be necessary.

No. 564. From Lieutenant-Colonel R. B. KENNEDY, Special Executive Engineer, Wynaad, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Luckadie, 30th July 1874, No. 547.

HAVING received from the Controller of Public Works Accounts copy of a letter, No. 3,572, dated 27th July 1874, addressed by him to you.

2. With reference to the last sentence therein, I have the honor to inform you that the contract in question has been made in the regular way between Mr. Maylor and the President of the Local Fund Board, Calicut Circle, and the usual security bonds executed. The Public Works Officer is only mentioned in it in his capacity of Inspecting Officer to pass the work.

3. I was not myself present at the meeting, being at the time on privilege leave, but I believe the transaction was approved by the Local Fund Board at a meeting held on 7th July.

No. 565. ORDER THEREON, 22nd August 1874, No. 2,382.

CIVIL WORKS, No. 30.

ORDERED to be recorded.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Controller of Public Works Accounts.

To

The Secretary to Government
Public Works Department
Fort Saint George

Sir,

An arrangement has been made in the Wynad which if not already reported to Government, should I think be made known in order that there may be proper authority for, or at least formal approval of the somewhat unusual course followed - I have therefore the honor to report for the information of Government that an advance of Rs 10,000 has been made to a Mr. Maylor with whom an agreement has been entered into for the construction of certain Iron Bridges on the road from foot of Tambercherry Ghat to the Mysore frontier.

2. The large advance is said to have been made to Mr. Maylor immediately

immediately before his departure for
England and from this fact it would
appear that iron work is to be brought
out by that gentleman. A copy of
this letter will however be sent to the
Special Executive Engineer for his
information, and in order that he
may furnish such additional in-
formation to Government as may
seem to him to be necessary. —

I have the honor to be,

Sir,

Your most obedient servant,

J. C. O'Connell
