*Proceedings of the Madras Government, Public Works Department,
24th August 1874.*

No. 606. Read the following letter from Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 7th August 1874, No. 3,030:—

IN G. O., No. 2,262, dated 13th September 1873, certain additional hands, as

	per margin, were sanctioned to the office
1 Accountant	60 establishments of the Public Works
1 Clerk	20 Stores and Workshops as a temporary
2 Lascars, at 7 Rupees	14 arrangement, subject to revision on
	94 report by the District Engineer and
	Controller at the end of 1873-74; I have

now the honor to report that the Workshop Establishment has been going on smoothly and satisfactorily of late, and I am thus led to the conclusion that benefit has accrued from the increase in the strength of the establishment, and in this opinion I am supported by the Controller, extracts from whose letter, No. 2,833, dated 4th July 1874, to your address, have been supplied to me. I have, therefore, the honor to recommend that the temporary establishment be permanently appointed.

2. The General Superintendent has applied to me for two additional writers (correspondence clerks he calls them) on Rupees 25 and Rupees 20, but I am not satisfied of the necessity existing for them, and, as the Controller has omitted to make any mention of short-handedness in the office, I do not feel justified in recommending the application. The correspondence in the General Superintendent's Office is very inconsiderable.

No. 607. ORDER THEREON, 24th August 1874, No. 2,403.

ESTABLISHMENT, No. 44.

THE provisional sanction accorded in the orders of the 13th September 1873, No. 2,262, is confirmed.

In G.O. No 2262 of 13 Sept 1873
certain additional hands as per margin were
sanctioned to the office establishments of the
Public Works Store and Workshops as a
temporary arrangement, subject to revision
on report by the District Engineer and Con-
troller at the end of 1873-74. I have now the
honor to report that the Workshop Establis-
ment has been going on smoothly and satis-
factorily of late, and I am thus led to the
conclusion that benefit has accrued from the
increase in the strength of the establishment,
and in this opinion I am supported by the
Controller. Extracts from whose letter No 2834
of 4 July 1874 to your address have been supplied
to me, I have therefore the honor to recommend
that the temporary establishment be permanently
appointed.

2. — The General Superintendent has applied
to me for 2 additional writers (correspondence
clerks.

clerks he calls them) on No 25 and No 26 but
I am not satisfied of the necessity existing
for them, and as the Controller has omitted to
make any mention of short-handedness in the
office I do not feel justified in recommending
the application. The correspondence in the
General Superintendent's office is very innum-
erable

I have the honor to be,
