*Proceedings of the Madras Government, Public Works Department,
2nd February 1874.*

No. 19. Read the following letter from G. S. SAGE, Esq., District Engineer, Cuddapah, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Guvalcherroo, 27th December 1873, No. 1,955:—

With reference to latter part of G.O., No. 3,071, of 20th December 1873, I have the honour to inform you that Mr. Overseer Elliott is doing work better than he was, and he has again been warned that if he does not he will be removed; the reason he did so little during first half-year was the fault of the Range Officer, and during that period Mr. Elliott was employed in surveying and levelling and preparing estimates, work on which is now in hand. I trust the end of the year will see a large improvement in the district generally.
