*Proceedings of the Madras Government, Public Works Department,
27th August 1874.*

No. 685D. Read the following letter from R. SMITH, Esq., District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 15th August 1874, No. 40:—

I HAVE the honor to report that the amount* sanctioned in G. O., No. 109-A, dated 16th January 1874, for Survey operations, and for the preparation of plans and estimates in connection with the proposed extension of the East Coast Canal, from Kistnapatam to the Kistna District, has been almost expended, and to solicit sanction for Rupees 660 the balance of the approximate estimate for preliminary operations, forwarded by me to the Inspecting Engineer for Ports and Communications on the 15th October 1873.

2. The survey and levels of the section from Kistnapatam to the Pennair have been completed; the mouths of the Pennair have been surveyed and plotted; and the line for the canal, north of the Pennair, has been surveyed and levelled to Joovaldinny, a distance of 16 miles. The fair plans, for the reach from Kistnapatam to the Pennair, are now in active preparation, and I hope to be soon able to submit the estimates for this section for the consideration of Government.

3. The annexed abstract shows the field-work done up to the end of July 1874:—

	Miles.	Remarks.
Surveyed	81	Exclusive of the detailed Survey and Sections of the mouths of the Pennair.
Levelling operations	235	Inclusive of trial lines, cross sections, and check levels.

4. As the actual expenditure incurred in 1873-74 on account of the East Coast Canal Survey Establishment was Rupees 256 less than the allotment,† it will be necessary to arrange for this sum being made available for expenditure during the current official year, and this I must ask you to be kind enough to do. The net amount requiring sanction is therefore Rupees 916 as follows:—

	RS.
Unexpended balance of last year's allotment	256
Balance of approximate estimate for preliminary operations	660
Total...	916
