*Proceedings of the Madras Government, Public Works Department,
31st August 1874.*

No. 725. Read the following endorsement of the District Engineer, Presidency, dated Fort St. George, 14th August 1874, No. 3,157 :—
From J. N. GRAINGER, Esq., General Superintendent of Public Works Stores and Workshops, to Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, dated Chepauk, 13th August 1874, No. 718.

I HAVE the honor to return, for transmission to Government, the Packing Account of Public Works Stores per *Dunphaile Castle* for Madras.

2. Two cases containing parts of two machines for stone breaking were received broken, and on examination one spare cheek and one key were found deficient. The Committee of Survey exonerate the ship from all liability. The cost of the articles I estimate about Rupee 1, which is very trifling. A copy of the Survey Committee's report is enclosed.

Proceedings of a Committee of Survey held on Friday the 7th August 1874, at the Marine Store room to report upon two cases, Public Works Stores, landed from the Ship *Dunphaile Castle*.

PRESIDENT.

W. H. BARTLETT, Esq., Acting First Assistant Master Attendant.

MEMBERS.

J. N. GRAINGER, Esq., General Superintendent of Public Works Stores and Workshops.

T. BLAKE, Esq., Appraiser, Sea Customs, Madras.

Cases Nos. 6 and 6-A were opened and their contents having been examined were found correct, with the exception of one spare cheek and one key. The Committee do not consider the ship liable for the damage to the cases, as it appears to have occurred after the cases left the ship, and there is every probability that it was done on the pier. The Committee beg to observe that the estimated cost of the missing articles is very small, and that the packages were not sufficiently strong to bear the weight enclosed in them.

SUBMITTED for orders.
