*Proceedings of the Madras Government, Public Works Department,
1st September 1874.*

No. 15. Read the following letter from Lieutenant-Colonel R. A. ROBERTS, R.E., Superintending Engineer, Tanjore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Tanjore, 3rd August 1874, No. 534 :—

I HAVE the honor to inform you that an expenditure of Rupees 701-6-0 has been incurred by the officer in charge of No. 2 Range in making moulds for the manufacture of concrete blocks for the stone reserve to the principal irrigation works, sanctioned in G. O., No. 795, dated 13th March 1873.

2. The Range Officer debited the cost of the moulds to "Stock," to which head the stone reserve is being charged under the above Government Order, but the Controller in his audit note on the accounts of the range objects to this, and requests the transfer of the cost of the moulds to the head "Tools and Plant Imperial."

3. I may mention that, under the latter mentioned head, a sum of Rupees 92 has also been expended up to the end of June last on account of the carriage of tools, etc. There is no allotment, however, in the Budget of the current year under "Tools and Plant, Imperial," from which the above sums may be appropriated, and as it is likely that there will be further charges (under this head in the current year), which will probably amount to Rupees 200, I request that Government will be pleased to allot a sum of Rupees 1,000 for this district on account of Tools and Plant, Irrigation Ordinary, as detailed below :—

Amount actually expended for the moulds of concrete blocks up	RS.	A.	P.
to this date	701	6	0
Amount expended on account of carriage of tools and plant up			
to end of June 1874	92	0	0
Probable further amount required on account of carriage of			
tools and plant from July 1874 to March 1875	206	10	0
Total...	1,000	0	0

No. 16. ORDER THEREON, 1st September 1874, No. 2,473.

IRRIGATION, No. 3.
<i>Account.</i>

It is observed that the provision required by the Superintending Engineer, Tanjore, under Tools and Plant, must be appropriated under the distinct heads of Capital Ordinary, and Repairs,

and accordingly Rupees 700 on the former and Rupees 300 on the latter account are allotted to the district from the amounts at the disposal of Government.

Sir,

I have the honor to inform you that an expenditure of Rs 701. 6. 0 has been incurred by the officer in charge of N^o 2 Range in making moulds for the manufacture of concrete blocks for the Stone Reserve to the Principal Irrigation Works, sanctioned in G. O. D^o 795, dated 13th March 1873.

2 — The Range officer debited the cost of the moulds to "Stock" to which head the Stone Reserve is being charged, under the above G. O. but the Controller in his audit note on the accounts of the Range objects to this

and

and requests the transfer of the Cost
of the Moulds to the Head "Tools and
Plant Imperial".

3. — I may mention that under
the latter mentioned head a sum of
Rs. 92 has also been expended up to
the end of June last, on account
of the Carriage of Tools &c. There is
no allotment however, in the Budget
of the present year under "Tools &

above sum may be appropriated;
and as it is likely that there will
be further charges under this head
in the current year, which will
probably amount to Rs. 200, I
request that Government will be
pleased to allot a sum of Rs. 1000
for this District on account of Tools
and Plant Irrigation ordinary as
detailed below. —
