G.O. No.	2487	Press
B.P. No.		Mis. _____
Dated	2 - 8	0874 195

Not to be folded or roughly handled

No. 42. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Madura, 4th August 1874, No. 1,918:—

In reference to G. O., No. 1,719, of 25th June 1874, ruling "that the further record of the water-supply in the
1 Copy of letter, No. 525, dated 30th July 1874, from the Dindigul Range Officer. Perryaur not being deemed necessary for the present no provision for establishment on this account in 1874-75 will be needed," I have the honor to bring to your notice that, as will be observed from the enclosed copy of the Dindigul Range Officer's letter, No. 525 of 30th ultimo, the establishment was maintained in the expectation that further information would be required by the Government on the subject of the Perryaur Project Works, and no orders given to the Executive Engineer to dispense with their services, or intimation given to him that they would be required for nine months only apparently.

2. The arrears of pay due to the establishment for February, March, and April 1874 amount to Rupees 45, of which the sum of Rupees 15 for February has been disbursed in April last.

3. Under these circumstances, I have the honor to request that you will be so good as to sanction from Repairs Agricultural the total sum of Rupees 45 to meet the expenses now due; the establishment was ordered to be discontinued on the 8th July 1874, on receipt of Government Order under reply.

4. I may mention here that out of the total allotment of Rupees 1,695 sanctioned in G. O., No. 1,586 of 17th June 1873, there has been a saving of Rupees 479-6-0 during 1873-74.

No. 43. ORDER THEREON, 2nd September 1874, No. 2,487.

IRRIGATION, No. 8.
<i>Establishment.</i>

The arrears of pay due to the establishment employed in gauging the Vigay in connection with the Perryaur Project, up to the date on which it was discharged with reference to G. O., 25th June 1874, No. 1,719, are sanctioned, and will be met from the provision for establishments under Extraordinary. The debit of such charges to Repairs Agricultural would be altogether irregular.

2. It must be observed that there appears to have been undue delay in the adjustment of the pay of the Goomastah for February, which should have been disbursed in March and not in April. All such claims should be settled immediately after the close of the month to which they appertain.

(True Extract.)

Lieut.-Colonel, R.E.,
Joint Secretary to Government.

To the District Engineer, Madura.
" Chief Engineer for Irrigation.

" Officiating Controller of Public Works Accounts.

Exd. S. T. Austin.

Madrass

Sir,

In reply to paras 3 & 4 of the
indentment No 1440 of the 8th Instant and
G.O. No 1719 of the 25 Idem I have
the honor to inform you that the gauging
Establishment in connection with the
Piriyam Works was entertained under a
Sanction of Rs 135 from 1st June to 1st March
1874 or nine months in G.O. No 1586 of
17/6/73 but as no intimation was given
or received by this Office for their disconti-
nuance, intimation of their discharge
was omitted to be given them but which
on receipt of disallowance list from the
Controller was immediately given
them so that 2 months pay remains

to

to be disbursed to them which the
Controller has papered conditionally,
pending sanction. The Establish-
ment was not discharged as they could
have had had it not been thought
that fresh funds would be allotted with
a new year & that it was not intended
that they should be discharged at
the expiration of the winter months.
As the Comptroller has been doing
his customary work, it is hoped that
early orders will be accorded to him
toward his pay for March and April
at Rs 15 per month or Rs (30) thirty
in all.

I have seen
signed J. H. Hancock, Executive Engineer
Discharge of Rs 20 & 20 in all.

District Engineer's Office
 No 1918. Madras 4 August 1874.

From Lieutenant Colonel J. F. Fischer RE
 District Engineer Madras

To Lieutenant Colonel J. Mullins RE
 Chief Engineer for Irrigation
 Madras

In reference to O.O. 1719 of
 25 June 1874 ruling "that the further
 record of the water supply in the
 Peryaund not being deemed necessary
 for the present no provision for establish-
 ment on this account in 1874-75 will be
 needed. I have the honor to bring to
 your notice that as will be observed
 from the enclosed copy of the District
 Engineer's letter, no 525 of 30 Ultimo,
 the establishment was maintained
 in the expectation that further informa-
 tion would be required by the Govern-
 ment on the subject of the Peryaund
 Project
