G. S. J. Ry. Letter from
the Govt. of India regarding
orders on the subject of the
"Materials missing" and
"Separate Fund" accounts
of the G. S. J. Ry and re-
questing information on
the further action taken
Resolution No. 224 of April

Proceedings of the Madras Government, Public Works Department,
4th February 1874.

No. 78. Read the following letter from Lieutenant-Colonel C. S. HEARN,
Inspector-General of Police, to Colonel G. W. WALKER, R.E., Secretary
to Government, Public Works Department, dated Madras, 15th January
1874, No. 132:—

1 Letter from the Superintendent of Police, North Arcot, to the Inspector-General of Police, No. 778, dated —.
1 Do. from do., to the Magistrate of North Arcot, No. 743, dated 10th November 1873.
1 Do. from District Engineer, North Arcot, to the Collector of North Arcot, No. 2,645, dated 22nd November 1873.

I HAVE the honour to submit corres-
pondence as per margin regarding Cut-
cherries in course of construction at
Pootoor, Calastry, Coopum and Venca-
tagherrycottah in the district of North
Arcot.

2. The plans for these buildings appear to be in accordance with the standard
"design for a Deputy Tahsildar's"
Court-house and Subsidiary Jail." Refer-

ence to this design will show that the sides of the Police guard-room are open.
In the Cutcherry at Pootoor the guard-room is simply flanked by brick pillars
with a wooden open grating from floor to roof between them, so that the Police
Constables have no shelter from the weather save what can be obtained in
the corners of the room from about 2½ feet of wall which projects on either
side. The change which would seem to be required is simply to remove the
grating and build up walls with a small window on each side. This will give
about 10 feet of wall on each side, open in the front facing the wards.

3. The Superintendent of Police, North Arcot, in his letter to the District
Magistrate, also points out that certain grated windows flush with the floor at the
back of the wards are objectionable as exposing the prisoners to the inclemency of
the weather, while they afford facilities for intercourse with friends outside.

4. Should these objections be deemed valid, I would suggest, for the consi-
deration of Government, that the slight necessary alterations in the standard plan
should be made.

No. 79. ORDER THEREON, 4th February 1874, No. 272.

CIVIL WORKS, No. 5.

THE slight alterations to add to the
comfort of the Police and prisoners,
suggested in this correspondence, may
be carried out.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, North Arcot.
Inspector-General of Police.
Judicial Department.

Exd. S. T. Austin.
