*Proceedings of the Madras Government, Public Works Department,
5th February 1874.*

No. 109. Read the following letter from R. SMITH, Esq., District Engineer, Nellore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Nellore, 13th December 1873, No. 123:—

ADVERTING to G. O., No. 2,812, dated 20th November 1873, directing me to report when the revised estimate for the Survapully Project will be ready for submission to Government, I have the honour to inform you that I much regret I cannot do so in this communication, as the statements, showing the compensation to be paid for land, etc., are still under preparation in the Revenue Department, and I fear that two, or perhaps three, months will be required to complete them, notwithstanding the Collector's efforts and anxiety to dispose of the claims at the earliest possible date.

2. All engineering details will, I anticipate, be collated and ready for submission before the compensation statements are closed, but I must express my regret that I am not in a position to forward the former at once. I had hoped to have been in possession of the required information before the north-east monsoon set in, but was disappointed, as I could not spare any competent member of the department from executive work for a short spell of special duty.

No. 110. ORDER THEREON, 5th February 1874, No. 288.

IRRIGATION, No. 12.

ORDERED that these Proceedings be transmitted for the information of the Government of India, with reference to the Assistant Secretary's letter, No. 442—3 I, dated 10th October 1873.

Colonel G. W. Walker, R.E.,
Secretary to Government
P.W. Department
Fort St. George.

Sir,

Adverting to G.O. No 2812 dated
20th Nov 1878 directing me to report
when the revised estimate, for the
Sivapilly Project, will be ready for
submission to Government, I have the
honor to inform you that I much
regret I cannot do so, in this com-
munication, as the statements, showing
the compensation to be paid for land
etc., are still under preparation in the
Revenue Department, and I fear that
two, or perhaps three, months will be

required to complete them, notwithstanding
the collector's efforts, and anxiety to dispose
of the claims, at the earliest possible date.

2. All engineering details will, I
anticipate, be collected and ready for
submission before the compensation
statements are closed, but I must
express my regret that I am not in
a position to forward the former at once.
I had hoped to have been in possession
of the required information, before the
North-east monsoon set in, but was
disappointed, as I could not spare
any competent members of the Depart-
ment, from executive work, for a short
spell of special duty.

I have the honor to be,

Your most obedient servant,
