Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th February 1874.*

No. 111c. Read the following letter from Lieutenant-Colonel R. A. ROBERTS, R.E., District Engineer, Madura, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Madura, 30th January 1874, No. 4,496:—

I HAVE the honour to bring to your notice that an estimate of Rupees 420 has been prepared (on the representation of the Assistant Superintendent of Telegraph, Paumben, as to the necessity of the same) for repairing the Telegraph building at that place, and that the funds available in the current year's Budget for repairs to Postal and Telegraph buildings in this district amount to but Rupees 150.

2. The estimate in question has been countersigned by the Superintendent of Telegraph, and the service has been commenced in anticipation of the balance of the estimate, viz., Rupees 270, being placed at my disposal. In fact, the Superintendent has forwarded to me a cheque for Rupees 270 drawn on the Madura Treasury; but I returned the same to him, with a request that the amount of the cheque might be credited to the service through the Accountant General.

3. As it is stated, however, in your instructions to the Controller, under date 20th instant, No. 30, that I can apply to Government for money if the grant already at my disposal is insufficient, I have the honour to request that you will be so good as to sanction from an available source a total sum of Rupees 323 for the services specified below:—

(a.)—Rupees 270 for the balance of the estimate for repairing a Telegraph building at Paumben.

(b.)—Rupees 53 for emergent repairs to a cable house at Thonithoray near Paumben.

4. The course suggested by the Superintendent of Telegraphs, for adjusting the cost of repairs to service marked (b), is to present a bill after the completion of the work to the Assistant Superintendent of Telegraph, Paumben, "as a similar course is always pursued at Bezwarah in the Kistna District."

No. 111d. ORDER THEREON, 5th February 1874, No. 289B.

CIVIL WORKS, No. 7B.

THE sums applied for in this letter will be allotted when dealing with the statements of savings and demands.

Meanwhile the repairs may be proceeded with.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the District Engineer, Madura.
.. Officiating Controller of Public Works Accounts.
.. Superintendent of Telegraphs, Madras Division.
