I HAVE the honor to report, for your information, that the construction of the coir godown is in rapid progress, but must be stopped if an additional allotment cannot be made.

2. As there appears to be every probability of completing the work within the official year, I would request that the balance of the estimate may be granted, or if this is not feasible that as large an additional allotment as possible may be given at once to secure the uninterrupted progress of the work.

Amount of estimate	...	...	RS.	A. P.
