Public Works DEPARTMENT

G.O. No. / B.P. No.	2916-17	Press / Mis.	C876
Dated	13-10-	195	

Not to be folded or roughly handled

No. 303. Read the following endorsement of the Officiating Controller of Public Works Accounts, dated Madras, 25th August 1874, No. 4,576 :—

REPORT ON THE APPROPRIATION AND OUTLAY ACCOUNT OF THE PUBLIC WORKS DEPARTMENT, MADRAS PRESIDENCY, FOR THE YEAR 1873-74.

Imperial Ordinary, Public Works, Buildings and Roads Branch.

THE original grant was Rupees 7,66,000, but by a withdrawal of Rupees 50,000 from the Civil portion and an addition of Rupees 17,000 to the Military portion of the grant, the final grant at the end of the year stood at Rupees 7,33,000, including Rupees 15,000 intended for expenditure in England. Against this final grant the expenditure incurred was Rupees 6,95,886, but deducting for expenditure in England, and taking into account the fluctuation in stock balance, etc., the net debit on account of expenditure in India was Rupees 6,71,325, so that, as compared with the net grant (Rupees 7,18,000) for expenditure in India, the outlay in India was Rupees 46,675 short of the amount sanctioned.

2. MILITARY—*Original Works.*—Under this head the original grant was Rupees 2,50,000, the final grant Rupees 2,66,700, and the outlay Rupees 2,69,461. Fifteen works were brought forward in the Budget, and of these the following were not undertaken :—

Item 4.—Improvements to Barracks, Hospitals, and other buildings at Poonamallee.

Item 10.—New range with butts for the Native Infantry at Mangalore.

Item 15.—Stables for the Commissariat Mules at the Presidency.

The grant for the first item was transferred by the Local Government to meet the cost of a temporary hospital at Poonamallee, the second work was not undertaken owing to delay in getting a site, and the third work was deferred pending decision of the question whether the shelter proposed for mules was actually necessary. Of the other twelve works the progress may be said to have been fair. On four* of them the expenditure exceeded the Budget grant, but only in one case (Item 9†) was the estimate exceeded owing to omissions and insufficient provision. On the other eight works the outlay was short of the grant in each case.

* Items 1, 6, 7 and 9.
† New range with butts for the Native Infantry at Mangalore.

3. MILITARY—*Repairs.*—The expenditure (Rupees 2,59,703) has exceeded the Budget grant (Rupees 2,50,000) by Rupees 9,703, and is higher than the outlay in any one of the previous five* years. But the expenditure can hardly be objected to on the ground that it is higher than in previous years, for in respect to buildings of a temporary or semi-permanent character, the outlay on repairs increases steadily, and it must be remembered that this head (Repairs) includes all payments for house-rent and compensation for inferior quarters to Military and Medical subordinates.

	Rs.
* 1868-69	1,88,262
1869-70	1,83,110
1870-71	2,23,005
1871-72	2,23,485
1872-73	2,43,069

4. Civil Buildings—*Original Works.*—Under this head the original grant was Rupees 66,950, the final grant Rupees 13,049, and the expenditure Rs. 21,016. The final grant does not however include Rupees 8,710 mentioned by the Government of India in letter, No. 15 AB, of 13th January 1874, (G. O., No. 154, of the 23rd idem,) as the amount within which necessary expenditure may be returned as authorized excess expenditure over the grant. Of the outlay of Rupees 21,016 above mentioned Rupees 12,970 was on Telegraph buildings and Rupees 8,076 on Post Office buildings. In addition to Major works, Minor works under these* heads have also been detailed in Part III. in case it should be necessary to have such information in the Local Public Works Secretariat and in the Office of the Accountant-General, Public Works Department.

* Telegraph
Postal.

Telegraph Buildings.—The Telegraph Office at Bellary was completed at a cost of Rupees 17,914, against an estimate of Rupees 17,890. No outlay during the year appears for the Telegraph Office at Madras, which work is in abeyance owing to difference of opinion as regards accommodation. Outlay was incurred in collecting materials; but, as the materials were transferred to other works, no charge appears against the item; indeed, there is a reduction of expenditure, owing to transfer of materials charged to the work in previous years. The Telegraph Office at Negapatam in the Tanjore District, estimated to cost Rupees 12,500, was completed by an expenditure of Rupees 13,201. The slight excess over estimate is due to increase in rates for brick-work and to some additional wood-work not provided for. This work does not appear in the Budget for 1873-74, as its completion was expected in 1872-73.

Post Office Buildings.—The Budget contained no specific allotment for individual works, but it may be mentioned that a Post Office at Caroor in the Coimbatore District was completed during the year at a total cost of Rupees 5,070, the expenditure of the year being Rupees 755, and the estimate Rupees 5,075. A similar building, estimated to cost Rupees 5,330, was also completed at Vythery in the Wynaad; the total outlay was Rupees 5,284, the expenditure of the year being Rupees 84. Two smaller Post Offices were completed, one in Chingleput and the other at Sattoor in the Tinnevelly District. Both were commenced in the previous year, and cost the former Rupees 1,579 and the latter Rupees 1,500. The other works do not call for special notice.

5. Civil Buildings—*Repairs.*—The outlay under this head has been Rs. 3,996 (Rupees 823 on Telegraph buildings and Rupees 3,173 on Postal buildings) against the final grant of Rupees 4,751. There is nothing calling for remark under this head.

6. *Establishment.*—The charges under this head amount to Rupees 1,24,996,* or at the rate of 22·6 per cent. on the outlay on works and repairs, aggregating Rupees 5,54,206. The Establishment charges were distributed in accordance with the orders quoted in the margin. As remarked by the Government of India, Public Works Department, in Resolution No. 406-7 A G, of the 8th June 1874, (Government Order, No. 1,927, of the 17th July 1874,) the arrangement "gives immense trouble in accounts," and it may be added here that since the closing of the books of 1873-74 mistakes in respect to debits have been discovered which will have to be rectified by write-back entries in the books of 1874-75. The cost of the entire establishment will be found reviewed in the report on local funds outlay.

* Military	...	Rs.	1,19,082
Civil Buildings	...	,,	5,914
Total...		,,	1,24,996

No. 199 of 24th March 1873.
,, 973 of 28th ,,
,, 164 of 24th July ,,

7. *Tools and Plant.*—The outlay has been Rupees 15,811* under this head against the Budget provision of Rupees 42,200. With effect from 1873-74 the charges under this head are made directly to the heads of service actually benefited and not distributed ratably over all heads as used to be done in previous years. This change was sanctioned by Government in G. O., No. 2,094, dated the 22nd August 1873.

* Military ...	...	...Rs.	15,097
Civil Buildings ...	...	... ,,	714
Total...		,,	15,811

It is a matter of regret that the altered rule referred to cannot be applied to Tools and Plant charged in the accounts of the Public Works Store Department and kept available for issue to the department generally as wants arise. On this subject the Government has been recently addressed, *vide* this office letter, No. 3,103, of the 13th July 1874.

8. *Profit and Loss.*—The charge of Rupees 873 under this head represents the value of Imperial Stores lost in the Steamer *Dhoolia*. The present adjustment was sanctioned by Government in G. O., No. 1,630, of the 17th June 1874.

9. *Public Works Revenue.*—In the Budget the revenue was estimated at Rupees 62,000, but in the Regular Estimate it was estimated at Rupees 82,600. The actual receipts have been Rupees 99,529, and compared with the Regular Estimate the items stand thus:—

—	Regular Estimate.	Actuals.
	Rs.	Rs.
Tolls, dues, etc.	5,300	5,239
Rents of buildings	17,500	16,302
Sales of produce	600	462
Sales of buildings, old materials, and Tools and Plant	59,200	77,535
Total...	82,600	99,529

The great excess or difference occurs in the last item which includes the profit (Rupees 18,435) arising from the working of the Dowlaishweram Factory, not anticipated in drawing up the estimates.

10. The following items remained classed as "objectionable" at the close of the year:—

Expenditure in excess of estimate beyond prescribed limitation.

	Rs.
I.—Improving the supply of water to the Cantonment of Bellary ...	36,483
II.—Converting the old Cavalry Saddle-rooms into quarters for Staff Serjeants at Trichinopoly	362

Expenditure in excess of grant beyond prescribed limitation.

	Rs.
III.—Re-roofing Nos. 4, 5 and 7 Blocks of Barracks for European Infantry at Bellary	4,634
IV.—Barracks for one Field Battery in Horse Artillery Lines at the Mount	711
V.—Substituting timber for asphalte flooring in the married men's quarters at Wellington	1,761

The first is the only item requiring notice. A supplementary estimate was reported some time ago as under preparation, and is perhaps now before the Government. The total grant for the year amounted to Rupees 20,500, and the outlay was Rupees 21,021 or Rupees 521 in excess of grant.

MADRAS,
25*th August* 1874.

(Signed) T. MOSS,
Offg. Controller of P.W. Accounts.

FORWARDED to the Secretary to Government, Public Works Department, for the information of Government.

(Signed) T. MOSS,
Offg. Controller of P.W. Accounts.

No. 304. ORDER THEREON, 13th October 1874, No. 2,916.

ACCOUNT, No. 24.

WITH the above endorsement the Controller submits his report on the Appropriation and Outlay Accounts for the year 1873-74 under "Imperial Ordinary, Buildings and Roads."

2. The sum originally assigned to the Presidency was Rupees 7,66,000, but the Government of India subsequently withdrew Rupees 50,000 from the grant for Civil Buildings, and increased the Military Works grant by Rupees 17,000. The final grant, exclusive of provision for expenditure in England, amounted to Rupees 7,18,000, against which the outlay was Rupees 6,71,325, or Rupees 46,675 less than the amount sanctioned.

3. The outlay, as compared with final grant under each head, is shown below:—

Heads of Service.	Final grant.	Outlay.
Military.		
Original Works	Rs. 2,66,700	Rs. 2,69,461
Repairs	2,50,300	2,59,703
	5,17,000	5,29,164
Civil Buildings. (Postal, Telegraph, etc., Buildings.)		
Original Works	15,049	21,046
Repairs	4,751	3,996
	19,800	25,042

Heads of Service.	Final grant.	Outlay.
	Rs.	Rs.
Establishments	1,54,000	1,24,996
Tools and Plant	42,200	15,811
Profit and Loss	...	873
Increase of Stock	...	65,083
Increase in London Invoices	...	9,175
	7,33,000	7,70,144
Less reduction of grant to meet Expenditure in England	15,000	...
Less expenditure in England	...	98,819
Net grant for and outlay in India	7,18,000	6,71,325

4. In regard to Original Works Military, circumstances necessitated departure from the Budget programme, and four of the works originally entered for execution were postponed in favor of others considered to be more urgently required. Good progress was, as a rule, made with those works which were undertaken. Upon the representation of this Government the original assignment was increased by the Government of India, and the expenditure at the end of the year amounted to Rupees 2,69,461 against a total grant of Rupees 2,66,700.

5. The Military Repair grant was also well utilized, the expenditure having been in excess of the outlay of any one of the previous five years. The explanation advanced by the Controller does not seem to account satisfactorily for the enhanced outlay. The Public Works Department do not usually build temporary or semi-permanent structures. The real cause is probably due to the fact that under the District Engineer system more particular attention was paid to the repair of Military Buildings than was practicable under Superintending Engineers.

6. Under Civil Buildings, Original Works, the expenditure was also in excess of the reduced grant, the Government of India having late in the year withdrawn a large portion of the assignment made to this Presidency for utilization elsewhere. It is not understood how it is that no expenditure has been recorded against the Telegraph Office at Madras, as the buildings were in progress last year.

7. The outlay under Repairs Civil Buildings calls for no remark.

8. The cost of establishment works out to a percentage of 22·6 on the outlay on works, which may be considered a very moderate charge. The system under which Establishment charges are distributed is under reconsideration in the Financial Department. The charges on account of Tools and Plant were particularly small, the outlay having fallen considerably short of the grant, but it is only now that the Government are made aware of the extent to which this occurred. Had timely intimation been given, arrangements could have been made for the profitable utilization of the funds on other objects. The Controller's reference, dated 13th July 1874, as to the distribution of charges for Tools and Plant in connection with the Public Works Store Department has been separately disposed of.

9. The debit to "Profit and Loss" needs no special notice.

10. The actual receipts, as compared with the Budget and Regular Estimates, are shown below :—

	Rs.
Budget Estimate	62,000
Regular Estimate	82,600
Actuals	99,529

The large difference is explained to be owing to unanticipated profits arising from the operations of the Dowlaishweram Factory.

11. It is observed with reference to the Bellary Water Supply Project, the expenditure on which is classed as objectionable by the Controller, that the attention of the District Engineer was called to the subject in paragraph 8 of G. O., No. 1,943, dated 25th July 1874, and he will be again instructed to hasten the submission of the revised estimates with other necessary documents. The grant applied for on account of the work during the current year has been withheld pending final orders on the subject. The other items do not call for special remark in this place.

Report on the Appropriation and Outlay Account of the Public Works Department Madras Presidency for the year 1873-74.

Madras 23 August 1874.

Imperial Ordinary Public Works.

Buildings and Roads Branch.

The original grant was Rs. 766000 but by a withdrawal of Rs. 50000 from the Civil portion and an addition of Rs. 17000 to the Military portion of the grant the final grant at the end of the year stood at Rs. 733000 including Rs. 15000 intended for Expenditure in England against this final grant the Expenditure incurred was Rs. 695886 but deducting for Expenditure in England and taking into account the fluctuation in Stock balance the net debit on account of Expenditure in India was Rs. 677,225 so that as compared with the debit grant (Rs. 733000) for Expenditure in India the Outlay in India was Rs. 46775 short of the amount sanctioned.

2. Military Original Works Under this head the original grant was Rs. 251000 this final

final grant Rs. 266700 and the Outlay Rs. 269461. Fifteen works were brought forward in the budget and of these the following were not undertaken.

Item 4. Improvements to Barracks, Hospitals and other buildings at Trincomalee.

" 10. New Range with Bath for the Native Infantry at Mangalore.

" 16. Stables for the Commissariat Mules at the Presidency.

The grant for the first item was transferred by the Local Government to meet the cost of a temporary Hospital at Trincomalee. The second work was not undertaken owing to delay in getting a site and the third work was deferred pending decision of the question whether the stables required for Mules was actually necessary. Of the other twelve works three progressed nearly as had been anticipated. Four of them the expenditure exceeded the budget grant but only in advance (Items* 1, 6, 7 and 9) of the estimate exceeded owing to omission and insufficient provision. In the other five works the outlay was short of the grant in each case.

* Items 1, 6, 7 and 9 * New Range with Bath for the Native Infantry at Mangalore Bellary

4. Military Repairs. The expenditure (Rs. 259703) has exceeded the budget grant (Rs. 253904) by Rs. 5799 and is higher than the outlay in any one of the previous five years. But the expenditure can hardly be objected to on the ground that it is higher than in previous years for in respect to buildings of a temporary or semi permanent character the outlay on repairs increases steadily and it must be remembered that this head (Repairs) includes all payments for House rent and compensations for defective quarters to Military and Medical subordinates.

1868/69.	Rs. 158262
1869/70.	" 153110
1870/71.	" 223115
1871/72.	" 223485
1872/73.	" 243069.

4. New Buildings. Original Works. Under this head the original grant was Rs. 66950 the final grant Rs. 15049 and the expenditure Rs. 21846. The final grant does not however include Rs. 8710 mentioned by the Government of India in letter No. 15 dated 13th January 1874 (G.O. No. 154 of the 23rd idem) as the amount within which necessary expenditure may be returned as authorized excess expenditure over the grant. Of the outlay of Rs. 21846 above mentioned Rs. 12970 was on Telegraph Buildings and Rs. 8876 on Post Office buildings. In addition to

Major

Major Works, Minor Works and Minor Heads have also been detailed in Part III (in case it should be necessary to have such information in the Local P.W. Secretariat and in the Office of the Accountant General P.W. Department.

× Telegraph Postal.

Telegraph Buildings. The Telegraph Office at Bellary was completed at a cost of Rs. 7914 against an estimate of Rs. 7570. An outlay during the year is stated for the Telegraph Office at Madras which work is in abeyance owing to differences of opinion as regards accommodation. Outlay has been entered in collecting Material but the Materials were transferred to other works in charge appears against them under this head there is a reduction of expenditure owing to transfer of Materials charged to the work in previous years. The Telegraph Office at Negapatam in the Tanjore District estimated to cost Rs. 12020 was completed by an expenditure of Rs. 13201. The slight excess over Estimate is due to increase in rates of brick work and to some additional work not provided for. The work does not appear in the Budget for 1873-74 as it is completion

completion was expected in 1872-73.

Post Office Buildings. The Budget contains no specific allotment for individual works but it may be mentioned that certain Post Offices at Canoor in the Coimbatore District was completed during the year at a total cost of Rs. 5070 the expenditure of the year being Rs. 5070 and the Veppilai building estimated to cost Rs. 5330 was also completed at a cost Rs. 5330 in the Wynaad the total outlay was Rs. 5284 the expenditure of the year being Rs. 54. Two smaller Post Offices were completed one in Chingleput and the other at Salem in the Salem District. Both were commenced in the previous year and cost the former Rs. 579 and the latter Rs. 500. The other works do not call for special notice.

Local Buildings. Repairs. The outlay under this head has been Rs. 3996 (Rs. 523 on Telegraph Buildings and Rs. 3173 on Postal Buildings) against the final grant of Rs. 4751. There is nothing calling for remark under this head.

b. Establishment. The charges under this head amount to Rs. 124996 or at the rate

× Military 119082
Civil Buildings 5914
Total Rs. 124996

rate of 22½ per cent on the ailling in the
said Retains aggregating Rs. 206.

The Establishment Charges are distributed
in accordance with the orders contained in
the undergd. As remarked by the Govt of
India, P. W. Department, in Resolution
No. 206. J. of the 3rd June 1874 (G.O. No.
927 of the 17th July 1874) the arrangement
has occasioned trouble in accounts and it
may be added that since the closing
of the books for 1873-74 no intimation has
been received which will enable
the debits to be reduced by underback entries for the
Budget 1874-75. The cost of the entire establishment
will be found entered in the Statement of Salary
Iron and Plant. The Salary
has been Rs. 15811 under this head against
the Budget provision of Rs. 42206 both
effect from 1873-74 the charges under this head
are made directly to the heads of service
actually benefited and not distributed
ratably over all heads as used to be done
in previous years. This change was
sanctioned by Government in G.O. No. 2094
dated the 22nd August 1873.

It is a matter of regret that the
altered rules prescribed cannot be applied

× Rs. 9773 of 22nd March 73

to Iron and Plant charged in the Accounts
of the P. W. Store Department and left
available for issue to the Department
generally as wants arise. On this subject the
Govt has been recently addressed, vide this
Office letter No. 3103 of the 3rd July 1874.

8. Profit and Loss. The charge of
Rupees 8/3 under this head represents the
value of Imperial Stores lost in the Steamer
Dhoonka. The present adjustment was
sanctioned by Govt in G.O. No. 1620 of the 17th
June 1874.

9. Public Works Revenue. In the
Budget the Revenue was estimated at
Rs. 62000 but while the Regular Estimate it
was estimated at Rs. 82600. The actual re-
ceipts have been Rs. 99529 and compared with
the Regular Estimate the items stand thus.

	Regular Estimate	Actuals
Sale of Dues Grass	5300	5230
Rents of Buildings	17500	16302
Sales of Produce	600	462
Sales of Buildings old Materials and Iron and Plant	59200	77535
Total	82600	99529

The great excess or difference occurs in the
last item, which includes the profit (Rs. 18435)
arising from the working of the Dowlaiswaram
Factory

No. 4576 Madras 25th August 1874.

Forwarded to the Secretary to Govt. P. W. Department for the information of Government.

Offg. Controller of P. W. Accounts.

Statement not anticipated in drawing up the Estimate.

10. The following items are considered as objectionable at the close of the year

Expenditure in excess of Estimate beyond prescribed limitation

I. Improving the supply of water to the Cantonment of Bellary — Rs. 36,483

II. Converting the Old Cavalry Saddle Room into quarters for Staff Sergeants of Artillery only — Rs. 362

Expenditure in excess of grant beyond prescribed limitation

III. Repairing No. 4 and 5 Block of Barracks for Europeans Infantry at Bellary Rs. 2,852

IV. Bandas for Outfield Battery at Bellary Lines at the Mount — Rs. 711

V. Substituting Timber for Asphalte flooring in the married men's quarters at Hallingdon — Rs. 1,761

The first is the only item requiring notice. A supplementary Estimate was reported some time ago as under preparation and is perhaps now before the Govt. The total grant for the year amounted to Rs. 20,500 and the Outlay was Rs. 21,021 or Rs. 521 in excess of grant.

From The Offg Controller
of Public Works, No 4576 dated
25 August 1874

2516

With the above endorsement the Controller submits his Report on the Appropriation and Outlay Accounts for the year 1873-74, under "Imperial Ordinary, Buildings and Roads".

The sum originally assigned to the Presidency was Rs 1,66,000, but the Govt of India subsequently withdrew Rs 50,000 from the grant for Civil Buildings, and increased the Military Works grant by Rs 17,000. The final grant, exclusive of provision for expenditure

in England, amounted to Rs 7,18,000, against which the outlay was Rs 6,71,325 or Rs 46,675 less than the amount sanctioned.

The outlay as compared with final grant under each head is shown below.

Heads of Service	Final Grant	Outlay
Military		
Original works	266700	269461
Repairs	250300	259703
	517000	529164
Civil Buildings (Postal, Telegraph, &c. Buildings)		
Original works	15049	21046

Increase in London Invoices	"	9175
	733000	770144
Less reduction of grant to meet Expenditure in England	15000	"
Less Expenditure in England	"	98819
Net grant for and Outlay in India	718000	671325

In regard to Original Works Military, circumstances necessitated departure from the Budget programme; and of the works originally entered for execution were postponed in favor of others considered to be more

urgently required. Good progress was, as a rule, made with those works which were undertaken. Upon the representation of this Govt. the original assignment was increased by the Govt. of India, and the expenditure at the end of the year amounted to Rs 2,69,461 against a total grant of Rs 266,700.

The Military Repairs grant was also well utilized, the expenditure having been in excess of the outlay of any one of the previous five years. The explanation advanced by the Controller does not seem to account satisfactorily for the enhanced outlay. The

The Public Works Department do not usually build temporary or semi-permanent structures. The real cause is probably due to the fact that under the District Engineer system more particular attention was paid to the Repair of Military Buildings than was practicable under Life Assurance.

Under Civil Buildings Original works the expenditure was also in excess of the reduced grant, the Govt. of India having late in the year withdrawn a large portion of the assignment made to this Presidency, for utilization elsewhere. It is not understood how it is that no expenditure has been recorded against the Telegraph office at Madras as the buildings were in progress last year.

The outlay under Repairs Civil Buildings calls for no remark.

The cost of Establishment works out to a percentage of 22:6 on the outlay on works which may be considered a very moderate charge. The system under which Establishment charges are distributed is under reconsideration in the Financial Department. The charges on account of Tools and Plant were particularly small, the outlay having fallen

considerably short of the grant, but it is only now that the Govt are made aware of the extent, to which this occurred. Had timely intimation been given arrangements could have been made for the profitable utilization of the funds & other objects. The Controller's reference dated 13th July 1874 on the distribution of charges for Coolie and Plant in connection with the Public Works Stores Department has been separately disposed of.

The debit to "Profit and Loss" needs no special notice. The actual receipts as compared with the Budget and Regular estimates are shown below.

Budget Estt:	Regular Estt:	Actuals
Rs 62,000 -	82,600 -	99,529

The large difference is explained by the arising to unanticipated profits arising from the operations of the Dandeli Factory.

It is observed with reference to the Bellary Water Supply Project, the expenditure on which is classed as objectionable by the Controller, that the attention of the District Engineer was called to the subject in para 8 of G.O. No. 1943 dated 25th July 1874. and he will

will be again instructed to hasten the submission of the revised estimates with other necessary documents - The grant applied for on account of the work during the current year has been withheld pending final orders on the subject. The other items do not call for special remark in this place.
