*Proceedings of the Madras Government, Public Works Department,
15th October 1874.*

No. 361. Read the following endorsement of the Acting Secretary to Government, Revenue Department, dated 2nd October 1874:—

Proceedings of the Board of Revenue, dated 28th September 1874, Miscellaneous No. 6,755.

From A. MacGREGOR, Esq., President of the Local Fund Boards, Malabar, to J. GROSE, Esq., Secretary to the Board of Revenue, Madras, dated Calicut, 3rd September 1874, No. 216.

ADVERTING to Official Memorandum, No. 824, dated 16th June 1874, I have the honor to forward copy of a letter from the Vice-President of the Tellicherry Local Fund Board, from which it will be seen that the Muchitta bridge may be allowed to stand at its present height without danger.

SUBMITTED to Government, with reference to G. O., 30th July 1873, No. 1,912, Public Works Department.

(True Copy and Extract.)

(Signed) J. GROSE,
Secretary.

TRANSFERRED to the Public Works Department.

(Signed) C. G. MASTER,
Acting Secretary to Government, R.D.

No. 362. ORDER THEREON, 15th October 1874, No. 2,943.

CIVIL WORKS, No. 28.

ORDERED to be recorded.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

From

The Acting Vice President
Local Fund Board

Tellicherry Circle

To The President of the Local Fund Board,
Malabar

Sir

With reference to your letter
dated 17th June 1874, forwarding copy of Revenue Board's
official Memorandum of 16th Idem
No. 824, I have the honor to inform you
that this Circle Board, after considering
the Report of the Range Officer, and
District Engineer on the Subject of the
Machitta bridge therein referred to,
are of opinion that the bridge might
be allowed to stand at its present
height, without danger. It has now
stood the brunt of two monsoons,

The

the last of which (the present one) is considered to have been the heaviest known for many years, without shewing any signs of weakness; and the Range officer, who has frequently seen it, states that it is a bridge over a small nullah, and not over a river, and not therefore liable to damage from strength of current &c

I have &c
