*Proceedings of the Madras Government, Public Works Department,
22nd October 1874.*

No. 488. Read the following letter from J. W. RUNDALL, Esq., District Engineer, Tinnevely, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Palamcottah, 5th October 1874, No. 107:—

With reference to the latter part of G. O., No. 2,697, of the 22nd September 1874, authorizing the disbursement of Rupees 750 for office tents in anticipation of specific allotment, I beg to refer you to my letter No. 133, of the 27th November last (recorded in G. O., No. 3,070, of the 20th December 1873,) in which I gave up last year's allotment for office tents, because the tents could not be supplied by the Jail at Bangalore in last official year.

2. The Superintendent of Jail, Bangalore, supplied the tents this year, and therefore the bill was received this year.

No. 489. ORDER THEREON, 22nd October 1874, No. 3,008.

ACCOUNT, No. 37.

ORDERED to be recorded.

2. It was simply intended to impress upon the District Engineer of Tinnevely the inconvenience caused by inefficient arrangements on the part of District Engineers to avail themselves of small sums allotted for special purposes, causing additional correspondence and unforeseen requirements when funds are not available.

 It was amply indicated
 to reinforce upon the Engineer of
 University, the importance of
 his efficient arrangements on the part
 of District Engineers to avoid the
 of small sums allotted for special pur-
 poses; covering additional correspondence
 and unforeseen requirements when
 funds are not available.

The first of these is the fact that the
 population of the country is increasing
 rapidly. This is due to a number of
 factors, including a high birth rate,
 a low death rate, and a large influx
 of immigrants. The second factor is
 the fact that the country is becoming
 more industrialized. This is leading to
 a shift in the population from rural
 areas to urban areas. The third factor
 is the fact that the country is becoming
 more developed. This is leading to a
 shift in the population from the
 interior to the coast.
