*Proceedings of the Madras Government, Public Works Department,
24th October 1874.*

No. 516. Read the following letter from Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Voilpaul, 8th September 1874, No. 1,088:—

I HAVE the honor to acknowledge the receipt of G. O., No. 2,309, of 19th August 1874, in which, after stating that His Excellency the Governor in Council sees no reason to alter the decision, it is said "that irrespective of the specific matters animadverted on," and which I can only conclude are those to which I have replied in my letter of 25th May 1874, Government have reason to be seriously dissatisfied with my administration as Superintending Engineer of the 3rd Division through a succession of years, and that the defects of my administration are still felt in all the districts which were under my charge.

2. I have already in paragraph 4 of my letter of 25th May 1874, requested that I might be furnished with specific charges as to my administration as Superintending Engineer of the 3rd Division to which I might be able to reply. I would again urge this request upon the Government, and would respectfully submit that, before being so severely dealt with, I should be afforded the opportunity of explanation which every officer of Government is entitled to expect. If the defects of my administration are still felt in the three districts of Bellary, Cuddapah, and Kurnool, there can surely be no difficulty in making out specific charges and giving me an opportunity of defending myself.

No. 517. ORDER THEREON, 24th October 1874, No. 3,022.

ESTABLISHMENT, No. 41.

ORDERED to be recorded.

2. The Government decline further discussion of their proceedings.
