*Proceedings of the Madras Government, Public Works Department,
24th October 1874.*

No. 522. Read the following letter from Lieutenant-Colonel J. GODDARD, R.E., District Engineer, Presidency, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Fort St. George, 6th October 1874, No. 3,943 :—

IN obedience to G. O., No. 2,730, dated 28th September 1874, paragraph 10, I have the honor to report that an estimate submitted by my orders by the General Superintendent, Department Public Works Stores and Workshops, for repairing and painting the Cooum Bar Bridge appeared so very high that I deferred sanctioning the work, (and the more so as I had no very safe data to work upon,) took it in hand myself and carried it out to completion before sanctioning the estimate. I found that the data supplied by the General Superintendent were correct, and only sanctioned the estimate after completion under my own superintendence.
