*Proceedings of the Madras Government, Public Works Department,
24th October 1874.*

No. 528. Read the following Despatch from the Most Honorable the Secretary of State for India :—

INDIA OFFICE, LONDON,
10th September 1874.

Public Works,

No. 13.

MY LORD,—I have received your letter, No. 22, dated 30th May last, forwarding an indent for Marezzo marble required for the Senate House at Madras.

2. I enclose, for your information, a copy of a report* by the Director-General of Stores regarding the use of the materials indented for, and request that the information therein asked for may be furnished as early as possible.

I have, etc.,

SALISBURY.

His Excellency the Right Honorable,
The Governor in Council, Fort St. George.

Copy Report by the Director-General of Stores, dated 10th August 1874.

I BEG to recommend that the indent for Marezzo marble for the Senate House at Madras, accompanying the annexed Madras Public Works letter, No. 22, dated 30th May last, be not complied with until further information is procured from Madras.

2. I have ascertained that Marezzo marble is a composition which is only used inside buildings or in very sheltered places, while it appears from the remark in the tracing that "the building is a red brick building," that it is the intention of the officers at Madras to employ it for decorating some external part of the Senate House.

3. The tracing accompanying the indent shows outlines of the spandrils for which the Marezzo marble is required, from which it would appear as if the spandrils were all one way, viz., from left to right.

4. This is considered to be an error, and I would therefore suggest that a reference be made to Madras, and the Government informed that the marble is a composition only suitable for internal use, or use in very sheltered spots, and requested to state whether the supply shall be made, and, if so, whether it is intended to be used with spandrils placed all one way, viz., from left to right, as shown in the drawing accompanying the indent.

(Signed) H. C. G. BEDFORD,
for Director-General of Stores.

No. 529. ORDER THEREON, 24th October 1874, No. 3,028.

ACCOUNT, No. 40.

COMMUNICATED to the Consulting Architect with reference to G. O., No. 1,013-F, dated 18th April 1874, and

with a request that he will furnish the information required.

(True Extract.)

Colonel, R.E.,
Secretary to Government.

To the Consulting Architect.

Copy Report by the Director General of Stores dated
10th August 1844

I beg to recommend that the Indent for Morezzo Marble for the Senate House at Madras, accompanying the annexed Madras Public Works Letter No. 22 dated 30th May last be not complied with until further information is procured from Madras. —

I have ascertained that Morezzo Marble is a Composition which is only used inside Buildings or in very sheltered places, while it appears from the remark in the Tracing that the Building is a red brick building that it is the intention of the Officers at Madras to employ it for decorating some external part of the Senate House. —

The tracing accompanying the Indent shows outlines of the Spandrels for which the Morezzo Marble is required, from which it would appear as if the Spandrels were all one way, viz from left to right.

This is considered to be an error, and I would therefore suggest that a reference be made to Madras and the Government informed that the Marble is a composition only suitable for internal use, or use in very sheltered spots, and requested to state whether the supply shall be made, and if so whether it is intended to be used with Spandrels placed all one way viz from left to right as shown in the Drawing accompanying the Indent

(Sd) H. C. Bedford
