*Proceedings of the Madras Government, Public Works Department,
30th October 1874.*

No. 686. Read the following letter from Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Cuddapah, 9th October 1874, No, 1,313 :—

In submitting herewith copy of a list of disallowances, No. 581, dated 7th instant, from the Controller of Public Works Accounts, together with an extract of my Inspection Report for August and September, I have the honor to bring to your notice that the Controller of Public Works Accounts has disallowed my travelling allowance from the 1st to 6th September, as I halted at Madanapully sixteen days, from the 22nd August, having gone in on the 21st.

2. As I was inspecting works in and near Madanapully during my halt there, except during the time I was sick, and as I kept up my camp equipage during the whole period, I have the honor to request that instructions may be issued to the Controller of Public Works Accounts to pass my claim for the six days' travelling allowance in September, as also to finally admit that allowance passed by him from 22nd to 31st August last.

No. 687. ORDER THEREON, 30th October 1874, No. 3,099.

ESTABLISHMENT, No. 55.

Nor only is the charge inadmissible under the standing orders of the Government of India, but the Controller was not justified in instructing the District Engineer to refer the subject unless he considered the case a very exceptional one, which it evidently is not. Reference is only permissible by the Controller himself when he considers that less than fifteen days halt should constitute a temporary head-quarters.
