Dated 7-11-1874. ~~105~~.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 7th November 1874.

No. 118. Read the following letter from A. C. LAWFORD, Esq., Officiating District Engineer, South Canara, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Mangalore, 30th September 1874, No. 71:—

Laying down pipes for conveying water from a well near the Bhunder to the quay at Mangalore, estimate Rupees 2,050.

THE work noted in the margin was reported to have been completed at the end of the last official year, but on my personal inspection I found some additional work—by constructing a pent roof cover—was necessary to protect the cisterns from the rain and dust, and ordered it to be executed. This work had to be accordingly paid for and charged during the current official year. This expenditure is within 5 per cent. over the sanctioned estimate. The work being fully completed, and the expenditure incurred during the current official year having amounted to only Rupees 77-1-3, which being below Rupees 500, I thought an application for a formal allotment to cover this expenditure unnecessary. As the Controller of Public Works Accounts now states that it is necessary that an allotment should be made, the work being below Rupees 2,500, I have the honor to request that you will be pleased to move the Government to sanction an allotment of Rupees 77 by a transfer from the allotment given in the current year's Provincial Budget for the Mangalore Harbour, Item No. 100.

No. 119. ORDER THEREON, 7th November 1874, No. 3,162.

ACCOUNT, No. 10.

THE Controller has been informed in other orders that specific allotments of the amount referred to are unnecessary. But entry of the requirements must be made in the annual statement of incomplete works notwithstanding.

To

Colonel G. H. Walker, R.E.

Secretary to Govt. P.W. Madras.

Sir,

The work noted in the margin was provided laying down pipes for conveying water from a well near to have been the Blunder to the Quay at Mangalore Estimate Rs 2050. completed at the end of the last official year, but on my personal inspection I found some additional work, by constructing a pent roof cover, was necessary to protect the cisterns from the rain and dust, and ordered it to be executed. This work had to be accordingly paid for and charged during the current official year. This Expenditure is within 5 per cent over the sanctioned estimate. The work being

fully completed and the Expenditure incurred during the current official year having amounted to only Rs. 277.1.3 which being below Rs. 500, I thought an application for a formal allotment to cover this Expenditure unnecessary. As the Controller of P.W. Accounts now states, that it is necessary that an allotment should be made the work being below Rs. 2500 I have the honor to request, that you will be pleased, to move the Government to sanction an allotment of Rs. 277, by a transfer from the allotment given in the current years Provincial Budget for the Mangalore Harbour, item No. 100.

I have the honor to be
