*Proceedings of the Madras Government, Public Works Department,
27th November 1874.*

Read the following letters:—

No. 501A. From A. C. LAWFORD, Esq., Officiating District Engineer, South Canara, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Mangalore, 14th April 1874, No. 7.

I HAVE the honor to submit herewith, for sanction of Government, an estimate, amounting to Rupees 1,060, for renewing the roof of a disused gun-shed at Mangalore now used as a guard-room.

- 1 Estimate No. 26.
- 1 Abstract do. No. 24.
- 2 Plans.
- 1 Detailed Estimate.
- 1 Abstract.
- 1 Specification.
- 1 Copy of letter.

2. This estimate, which originally amounted to Rupees 780, had been submitted by me, through the Military

Department, to the Inspecting Engineer for Buildings, who having obtained the necessary approval of His Excellency the Commander-in-Chief now returns it to me for submission to Government under G. O., No. 309, of 9th February 1874, but at the same time suggests that the pitch of the roof should be one-third of the span and the rafters 6 inches by 3 inches. I accordingly revised the original estimate as instructed.

3. The value of the building is Rupees 1,500. It was last repaired in August 1873 at a cost of Rupees 87-4-3 by the renewal of the flooring to fit it for occupation as a guard-room.

4. The building is a long open shed 94½ feet in length with tiled roof, and is generally in good order with the exception of the roof, the rafters of which being completely decayed its renewal is absolutely necessary.

5. The necessity for the work having been established by the approval of His Excellency the Commander-in-Chief, and the revision being in respect of the executive details, I have not again submitted this estimate to the Military Department.

6. On the estimate being sanctioned, I request the Government will be pleased to make a separate allotment for the execution of work. The original plan, estimate, and copy of the Quarter Master General's letter, No. 8,615, of 6th December 1873, are herewith submitted for perusal and return.

No. 501B. From the same Officer, dated 4th May 1874, No. 18.

No. 501C. From do. do. dated 7th November 1874, No. 79.

original estimate as instructed.

3. The value of the building
is \$1500. It was last repaired
in August 1873 at a cost of \$250.00
by the removal of the flooring to fit
it for occupation as a Guard room.

4. The building is a long open shed
94 1/2 feet in length with tiled roof
and is generally in good order with the

Current year, if so, I have the honor
to solicit permissions for collecting
the necessary materials, to ensure its
completion before the end of the official
year.

2. The permission is requested on the
following grounds - It being difficult
to get in time good seasoned wood in
the market, it is very essential to
make previous arrangements, to
procure the required quantity of timber
for the work either from the Forest
Department or elsewhere.
