*Proceedings of the Madras Government, Public Works Department,  
5th December 1874.*

No. 104. Read the following letter from Major J. O. HASTED, R.E., Officiating Superintending Engineer, 1st Division, Kistna, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Masulipatam, 3rd November 1874, No. 99 :—

WITH reference to the latter part of paragraph 2 of G. O., No. 2,990, of 20th October 1874, I have the honor to call

\* Sent through Controller of Public Works Accounts. attention to paragraph 3 of my letter \*  
No. 45, dated 8th August 1874, request-

ing an additional allotment of Rupees 411 for the Bapatla sub-jail, that amount having been realized by the sale of materials collected in former years and credited to the work.

2. The Gudewada sub-jail was not entered in the list of incomplete works, referred to in paragraph 4 of the Government Order above mentioned, as at the time the list was prepared the site had not been handed over to this department, and it seemed very doubtful if the work could be completed during the year.

No. 105. ORDER THEREON, 5th December 1874, No. 3,422.

ACCOUNT, No. 7.

RECORDED.

2. Several instances have come lately under the notice of the Government in which loss has been sustained owing to the deterioration of materials which had been collected for the construction of buildings, by the expenditure of first allotments; no portions of which were apparently laid out on actual constructive work.

3. Admitting that the collection of a fair stock of materials at site is a necessary preliminary to economical construction, it is to be observed that this course of proceeding has obviously been often carried beyond its proper limits; and District Engineers will be good enough to restrict expenditure in the direction referred to to what is actually necessary.
