ESTABLISHMENT, No. 10.

It has lately come to notice that a Range Officer has considered himself at liberty to recommend, and a District Engineer to pass, full travelling allowance to an Overseer for a whole month, during which he never left his head-quarters. Subject, Certain explanation
 regarding the Travelling Allowance
 of B. Moore among others for March 1874.
 Sir,

With reference to Memo No 72 of
 21st September 1874, from the Chief
 Engineer & the to your address I
 have the honor to state that para 5 of
 my letter No 242 dated 4 August 1874
 runs as follows.

"It is true that Querein B. Moore
 among others never left his Head
 Quarters for the month of March 1874,
 but this was in obedience to the
 verbal orders he received from the
 late District Engineer, who was at
 Honolulu from 13 January 1874
 to end of March 1874, and who

passed full Travelling Allowance
to the Overseer for the month of February
1874, Although the Overseer was in
Head Quarters for the entire month."

2 From the above all that I meant
to imply was that the late Mr. Fraser
did not object to pass full Travelling
Allowance to Overseer B. Moonesamy
Chetty for the month of February 1874,
although the Overseer was in Head
Quarters for the entire month, on the
ground I suppose that he was
aware that this Overseer maintained
a pony, a cart and Bulls and a
Sunt during the month, so on similar
grounds I entered full Travelling
allowance opposite this Overseer's
name for March 1874, and if Mr.
Fraser had lived a little longer
I am sure he would have passed
full Travelling allowance for March
1874.

3 As regards the words in my letter
"who passed full Travelling allowance
to the Overseer for the month of February
1874" all that I meant was that as

a Range Officer I enter opposite
each man's name in the Range
Travelling allowance Bill the Trav-
elling allowance, I think he is
entitled to under the rules in force,
but the power of passing or confirming
such allowances rests with the
District Eng^r and Controller, who
very often curtail the figures
entered by a Range Officer, that
this is all that I meant in the
words quoted above.
