*Proceedings of the Madras Government, Public Works Department,
9th January 1874.*

No. 88. Read the following letter from Lieutenant-Colonel J. F. FISCHER R.E., District Engineer, Godavery, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Dowlaishweram, 28th November 1873, No. 2,596 :—

With reference to G. O., No. 919, dated 24th March 1873, sanctioning a grant of Rupees 600 for the purpose of ascertaining what works are required for the protection of the Polaveram Island, I have the honour to bring to the notice of Government that against this grant the amount expended up to date is Rupees 556-13-10, including Rupees 116-11-6 for work done in February and March 1873, but paid for in April 1873. In my statement sent to the Controller showing the grants required during the current official year for Survey Establishments under head "Ordinary," I applied for the sum of Rupees 516 for the above purpose, which sum is a little more than the balance of last year's grant after deducting the amount of work done in the previous year, and this was sanctioned in G. O., No. 1,652, dated 25th June 1873. The Controller of Public Works Accounts having admitted the whole charge of Rupees 556-13-10 against the current year's grant, viz., Rupees 516, there is consequently an excess of Rupees 40-13-10 over it. I, therefore, request you will be good enough to obtain the sanction of Government for supplementing that grant by Rupees 41 to admit of the Controller finally passing the expenditure on the above account.

No. 89. ORDER THEREON, 9th January 1874, No. 42.

ACCOUNT, No. 5.

THE Controller of Public Works Accounts is authorized to pass the excess of Rupees 41 against the available balance of the Budget provision for temporary Survey Establishments.
