*Proceedings of the Madras Government, Public Works Department,
4th September 1874.*

No. 84. Read the following letter from Colonel E. A. FOORD, R.E., Superintending Engineer, Bellary, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Bellary, 15th August 1874, No. 746:—

I HAVE the honor to report, for information and orders of Government, the loss on the 28th of May of a 2nd class levelling instrument which was in use with Supervisor Harris, Sub-divisional Officer, Ghooty Range.

2. The Supervisor's camp moved that day morning from Agraharum, Anantapur Taluq, to Marrimaklapully, Durmaverum Taluq. One Sondappah, substitute for a lascar on leave, who had the carrying of it, put the box down on the road-side, near Marrimaklapully, to help the Supervisor's luggage cart, but forgot to take it up again. It was only when the Supervisor asked for it in the evening the lascar remembered having put it down on the road.

3. Due notice of the loss was given to the Village Magistrates and Tahsildars, but no clue has yet been obtained.

4. The original value of the instrument is Rupees 88.

No. 85. ORDER THEREON, 4th September 1874, No. 2,507.

ACCOUNT, No. 4.

It is remarked that it is not easy to understand how the loss could occur in the manner described. It, moreover, seems strange that the instrument has not since been heard of through the Police. Further inquiry will be made in the Judicial Department as to what was actually done in the matter by the Police on intimation of the loss being given.
