*To be forwarded to the Public Works Department*

---

*Proceedings of the Madras Government, Public Works Department,  
5th September 1874.*

---

Read the following papers:—

No. 125. From Major J. O. HASTED, R.E., Superintending Engineer, 1st Division, Kistna, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, dated Masulipatam, 11th August 1874, No. 46.

WITH reference to G. O., No. 140, dated 17th July 1874, I have the honor to inform you that the compensation I have been directed to pay appertains to the Lower Pullairoo Project, for which no funds have been allotted, as the work is completed, and to request that an allotment of Rupees 887 may be granted to enable me to pay the amount.

2. It does not appear that any allowance for compensation was made in the original estimate.

No. 595-E.

No. 125A. *Note by the Chief Engineer for Irrigation.*

WHAT is termed by the Superintending Engineer, Kistna, the Lower Pullairoo Project is one of the canals in the Masulipatam section of the Kistna Eastern Delta, and in the Progress Reports it appertains to, and is an item of, the work called "improving channels in the Masulipatam section of the Kistna Delta." In

Estimate Rupees 1,87,990.

the Budget for 1874-75 this work is called the Pullairoo channel, which is

not a correct designation, as more than one-third of the estimate belongs to the Masulipatam canal, which is distinct from the Pullairoo.

2. Up to the 31st March last the outlay against the above sanction amounted to Rupees 1,42,017, and Rupees 45,973 remained available, out of which only Rupees 12,645 are entered in the Budget for expenditure in the current year; the compensation due for land taken up for the lower part of the Pullairoo channel or canal will be chargeable to the estimate above referred to.

3. Should additional funds be required they will have to be obtained by transfer from other works, for which loan funds have been provided in the current year's Budget.

OOTACAMUND,  
20th August 1874.

(Signed) JOHN MULLINS, Lt.-Col., R.E.,  
Chief Engineer for Irrigation.

No. 126. ORDER THEREON, 5th September 1874, No. 2,527.

IRRIGATION, No. 19.

Account.

THE foregoing Note by the Chief Engineer for Irrigation will be communicated to the Superintending Engineer, Kistna, and to the Controller of Public Works Accounts, with reference to G.O., No. 140 of the 17th July 1874.

(True Extract.)

Lieut.-Colonel, R.E.,  
Joint Secretary to Government.

To the Superintending Engineer, Kistna.

.. Officiating Controller of Public Works Accounts.

.. Chief Engineer for Irrigation.

Note by the Chief Engineer for Brigades

What is termed by the Superintending Engineer, Kistna, the Lower Pulleru project is one of the Canals in the Masulipatam section of the Kistna Eastern Delta, and in the Progress reports it appertains to, and is an item of the work called "Improving channels in the Masulipatam section of the Kistna Delta". In the Budget for 1874-75, this work is called the Pulleru channel, which is not a correct designation, as more than one third of the estimate belongs to the Masulipatam Canal, which is distinct from the Pulleru.

Estimate Rupees 187,990

Up to the 31<sup>st</sup> March last the outlay against the above section amounted to Rupees 142,017, and Rupees 45,973 remained available, out of which only Rupees 12,645 are entered in the Budget as expenditure in the current year.
