Publicworks' DEPARTMENT

G.O. No. 2547 Press
B.P. No. Mis.

Dated 9-9-1954.

Not to be folded or roughly handled

Read the following papers:—

No. 162. From Major J. BEATTY, R.E., District Engineer, Godavery, to Lieutenant-Colonel J. MULLINS, R.E., Chief Engineer for Irrigation, and Joint Secretary to Government, dated Dowlaishweram, 30th July 1874, No. 1,339.

I HAVE the honor to bring to your notice that a Surveyor has been employed from 1st January 1874 up to 21st July 1874, on the Surveys for river charts below the anicut, and that I have now stopped that work.

2. At present my office is short of tracing cloth, which is a cause of delay; but I hope at an early date to send you tracings showing the progress made to this time.

3. Meantime I have stopped all expenditure, and send a bill of charges incurred in this official year. For this I request you will make the necessary allotment.

No. 587-D.

No. 162A. *Note by the Chief Engineer for Irrigation.*

WHEN the application for temporary survey establishments for 1874-75 were reviewed, that from the Godavery, for a provision of Rupees 480 on account of surveying river embankments, was not passed for the reasons given in paragraph 2 of the Note printed in the Proceedings of the Madras Government of the 30th June 1874, No. 1,753. It appears however that this establishment was really required for the preparation of the river charts, and the District Engineer now applies for sanction for an expenditure of Rupees 388-12-11 already incurred. He has not explained why the charges appertaining to 1873-74 were not adjusted against the sanction for that year, given in G. O., No. 1,652, of the 25th June 1873, and he reports that he has stopped the work for the present, and he proposes to examine into and report what has been done with regard to these charts.

2. Under the circumstances the bill submitted may be sanctioned, and in reporting on the work done and remaining to be done, and in applying for the sanction of such establishment as may be needed to complete the latter, he should explain why the charges of the past year were not adjusted at the proper time.

OOTACAMUND, (Signed) JOHN MULLINS, Lieut.-Colonel, R.E.,
17th August 1874. *Chief Engineer for Irrigation.*

No. 163. ORDER THEREON, 9th September 1874, No. 2,547.

IRRIGATION, No. 23.
Account.

THE sum of Rupees 388-12-11, the amount of the bill submitted by the District Engineer, Godavery, on account of charges incurred for the preparation of river charts, is sanctioned, and Major Beatty will in due course explain why the

portion of these charges appertaining to 1873-74 was not adjusted monthly against the sanction given in G. O., 25th June 1873, No. 1,652.

2. The report on the work done and remaining to be done will be awaited.
