B.P. ~~No.~~ ~~Mis.~~

Dated 9-9-4974 —195—.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 9th September 1874.

No. 171. Read the following letter from Lieut.-Colonel R. A. ROBERTS, R.E., Superintending Engineer, Tanjore, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Tanjore, 21st August 1874, No. 732:—

I HAVE the honor to forward, for the sanction of Government, a Plan, Specification, and an Estimate of Rupees 575 for erecting racks in the Record-room of the new Taluq Cutcherry at Sheally, Tanjore District.

1 Plan.
1 Abstract Estimate.
1 Specification.

2. The present racks are those that belonged to the old Taluq Cutcherry. They are of very ordinary construction, and they are neither sufficient nor strong enough for the purpose required, moreover their dimensions, etc., do not suit the Record-room.

3. The proposed racks are according to the standard design approved by Government in G. O., No. 2,488, dated 4th August 1868.

4. The plan and estimate have been countersigned by the Collector in token of his approval.

5. From the current year's Minor New Works, grant of Rupees 600 under "Civil Buildings" Provincial, there is only a sum of Rupees 483 available for this work, and the balance of Rupees 92 will have to be allotted from the Reserve under Civil Buildings Provincial, at the disposal of Government, in the event of the above estimate being sanctioned.

6. I may mention, in conclusion, that the Cutcherry in question has been built as per revised estimate of Rupees 24,560, sanctioned in G. O., 19th September 1873, No. 2,320.

No. 172. ORDER THEREON, 9th September 1874, No. 2,552.

CIVIL WORKS, No. 14.

THE estimate amounting to Rupees 575 for putting up racks in the Record-room of the new Taluq Cutcherry at Sheally in the Tanjore District is sanctioned. Rupees 483 will be provided from the district allotment for "Minor New Works Provincial," and the balance (Rupees 92) will be allotted from savings later in the year.

Specification to accompany estimate of Rs 575 for Constructing racks for the record room of the new Taluq Cutchery at Shealy Tanjore District

The racks to be each 15 feet long, 3 feet broad, and 12 feet high of teakwood frame work consisting of 12 vertical, 10 longitudinal and 30 cross bars 2"×3" as shewn in the accompanying plan. The grating bars to be formed by teakwood bars 3"×1" placed longitudinally 5¾" apart and resting on the cross bars. The lowest bar of the rack to be placed at a height of 2'-9" from the bottom, leaving this length of the vertical bars to serve as legs to the rack. The other horizontal bars to be placed 2 feet apart up to the top of the rack. The vertical bars on the sides of the rack to be 2'-6" apart, and at the ends 2'-4" apart. The space between the two centre vertical bars to be left open throughout to the height of the third longitudinal bar from the bottom to admit of a person passing through.
