Proceedings of the Madras Government, Public Works Department,
12th September 1874.

No. 258. Read the following endorsement of the Government of India, No. 1,991-R.:—

Read the following letter from Colonel H. DRUMMOND, R.E., Deputy Secretary to the Government of India, Public Works Department (Railway,) to the Secretary to the Government of Bombay, in the Public Works Department, (Railway,) dated Fort William, 20th August 1874, No. 1,990-R:—

THE Accountant-General, Public Works Department, has reported to the Government of India that the weekly traffic statements of the Bombay, Baroda, and Central India for the year 1873-74 showed only a total of Rupees 55,00,934-4-7 as the earnings of that period, while the actual earnings amounted to Rupees 57,04,960-2-4, and that the explanation given by the Examiner of Railway Accounts at Bombay in his No. 478 of 24th July 1874, was to the effect that the weekly traffic statements cannot agree with the monthly or half-yearly revenue statements, as the latter contain many items of miscellaneous receipts not included in the former.

2. As the figures given in the weekly returns are used for checking the estimates of the earnings of Guaranteed Railways and for other financial purposes, it is essential that they should be made as complete as possible, and in this view I am to request that where these returns do not take into account the whole of the miscellaneous earnings, a supplemental statement may be submitted at the end of each quarter containing the whole of the receipts due to such period, which have not been included in the weekly returns previously submitted.

COPY forwarded to the Secretary to the Government of Madras for information and guidance.
