Dated	15-9-1954	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department,
15th September 1874.

No. 310. Read the following letter from Lieutenant-Colonel J. F. FISCHER, R.E., District Engineer, Madura, to Colonel G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Camp at Nelacottah, 25th August 1874, No. 2,284:—

I HAVE the honor to submit, for the consideration and orders of Government, copies of the correspondence as per margin, regarding the construction of certain models made up by the Executive Engineer in charge of the Dindigul Range.

1 Letter from the Executive Engineer, Dindigul Range, No. 500, dated 28th July 1874.
1 Letter from Lieutenant-Colonel Roberts, R.E., No. 663, dated 17th August 1874.

2. The sanctioned works for which these have been prepared and their cost are given below:—

	Rs.	A.	P.
Pereacolom Taluq Cutcherry	332	5	10
Pulney Taluq Cutcherry	250	0	0
Travellers' bungalow at Ammanackenoor ...	24	15	9
Dispensary at Pereacolum	96	7	8
Deputy Tahsildar's Cutcherry at Nelacottah and Vadasundoor	*32	0	0

* Not sanctioned, estimates being revised.

and I recommend these sums be charged to the item of contingencies in the several estimates, as after all they may be of some use to the Maistries in the construction of the works, and Mr. Hawksworth appears to have acted in the belief he had Colonel Roberts approval in the matter; but it was very easy for him to have made a reference on it, and obtained written orders on a subject of no great importance or emergency.

3. I beg to add orders have been sent to the Executive Engineer not to incur any expenditure on anything except on sanctioned estimates, unless it be of a nature to cause great loss to the State if not put in hand at once; and even then a report of the circumstances in full detail, with probable cost, is to be sent at once to this office.

No. 311. ORDER THEREON, 15th September 1874, No. 2,622.

ACCOUNT, No. 16.

HIS Excellency the Governor in Council is pleased to sanction the District Engineer's proposals, that the cost of the models be debited to the estimates of the works for which they were made, under the head of Contingencies, provided an excess of more than 5 per cent. is not caused thereby; any extra cost beyond this limitation will be defrayed by Mr. Hawksworth himself.

2. The instructions issued by the District Engineer to prevent similar unauthorized proceedings in future are approved.

(True Extract.)

Colonel, R.E.,
Secretary to Government.
